Notwithstanding anything to the contrary in this investment policy, the investments of the portfolio will be subject to the manner in which the limits and conditions subject to which securities or classes of securities may be included in a portfolio of a collective investment scheme in securities determined in legislation as amended from time to time.

INVESTMENT UNIVERSE

The manager may include participatory interests and other forms of participation of local and global collective investment schemes, or other similar schemes operated in territories with a regulatory environment which is to the satisfaction of the manager and the trustee of a sufficient standard to provide investor protection at least equivalent to that in South Africa and which is consistent with the portfolio's primary objective and that the Act may allow from time to time.

INVESTMENT STRATEGY

The portfolio will actively buy and sell securities to achieve the best possible return from short maturity assets, with as little capital volatility as possible. The portfolio will adhere to the exposure limits of the Interest Bearing - Short Term category and will be managed in such a manner as to comply with prudential requirements as per regulations to the Pension Funds Acts, 24 (Act 24 of 1956).

CHANGES TO THE INVESTMENT STRATEGY

In order to amend any provision(s) contained in the supplemental deed, the manager has to request and receive prior approval from the FSCA. Such request shall state the reasons for the proposed amendment and the impact or benefit this is likely to have for the investor. Upon receiving such approval, the auditor of the scheme must oversee a balloting process which is undertaken to obtain consent from the investors. Investors holding at least 75% (seventy five percent) in value of the participatory interests in the portfolio and who constitute more than 50% (fifty percent) of the portfolio's investors must vote in favour of the amendment for the amendment to be effected. Voting shall be conducted by electronic ballot in accordance with the provisions of the deed, and the manager shall, after having dispatched the ballots to investors, allow for a period thirty days for investor to return the ballots.

MANDATORY DISCLOSURE

Collective Investment Schemes are generally medium to long term investments. The value of participatory interests (units) may go down as well as up. Past performance is not necessarily a guide to future performance. Collective investments are traded at ruling prices and can engage in scrip lending and borrowing. The collective investment scheme may borrow up to 10% of the market value of the portfolio to bridge insufficient liquidity. A schedule of fees, charges, minimum fees, and maximum commissions, as well as a detailed description of how performance fees are calculated and applied, is available on request from FundRock Management Company (RF) (Pty) Ltd ("the Manager"). The Manager does not provide any guarantee in respect to the capital or the return of the portfolio. Excessive withdrawals from the portfolio may place the portfolio under liquidity pressure and in such circumstances, a process of ring fencing of withdrawal instructions and managed pay outs over time may be followed. Commission and incentives may be paid, and if so, are included in the overall costs. The Manager may close the portfolio to new investors in order to manage it in accordance with its mandate. Prices are published daily on our website. Additional information, including key investor information documents, minimum disclosure documents, as well as other information relating to the basis on which the manager undertakes to repurchase participatory interests offered to it, and the basis on which selling and repurchase prices will be calculated, is available, free of charge, on request from the Manager. The value of an investment is dependent on numerous factors which may include, but not limited to, share price fluctuations, interest and exchange rates and other economic factors. Where the portfolio invests in offshore assets, performance is further affected by uncertainties such as changes in government policy, taxation and other legal or regulatory developments. The Manager is registered and approved by the Financial Sector Conduct Authority (FSCA) under CISCA. The Manager retains full legal responsibility for the portfolio. FirstRand Bank Limited is the appointed trustee. Taquanta Asset Managers (Pty) Ltd FSP No. 618, is authorised under the Financial Advisory and Intermediary Services Act 37 of 2002 to render investment management services.
