

Supplementary Information Document

MI Verbatim Multi-Index Funds

February 2026

Introduction

Guide to this document

This document is designed to be read alongside a relevant 2-page Non UCITS retail scheme Key Investor Information ("NURS KII"). Together they summarise information about your investment in the Sub-funds, and provide answers to some important questions.

You should read these documents carefully to help you understand what you are buying, and keep them safe for future reference.

Please note that we will not accept your investment instructions unless you have confirmed that you have read the appropriate NURS KII. These are available at www.fundrock.com/mi-funds/.

You should also read the relevant Prospectus (the "Prospectus") before making an investment decision. Your rights and duties as well as your legal relationship with the Company are set out in the Prospectus. For a copy of the Prospectus, please write to Apex Fundrock Limited, MI Verbatim Multi-Index Funds, Hamilton Centre, Rodney Way, Chelmsford, Essex CM1 3BY or call us on 0345 872 4984.

A copy of the Prospectus, and details of how you can contact us, are also available at www.fundrock.com/mi-funds/.

The NURS KII and the Prospectus are available in English. If you have any doubts about the contents of these documents, you should contact a professional adviser.

As we are not registered with the relevant authorities in the United States we cannot sell shares to people who are "US persons". For a definition of a US person, and for further information on this point, please see further details in the Prospectus or call us on 0345 872 4984.

YOUR INVESTMENT

About MI Verbatim Multi-Index Funds (“the Company”)

The Company is authorised by the Financial Conduct Authority (“FCA”) and its shares can be sold to retail investors. The Company is a Non-UCITS Retail Scheme (or “NURS”).

The Company is an umbrella Open-Ended Investment Company (“OEIC”), which means we can set up separate funds from time to time with the approval of the FCA. Funds are a way of combining your money with that of other investors to buy a wider range of investments. This can help to reduce risk by spreading your money over a wider range of investments and provide access to the services of a professional fund manager. Each fund is divided into shares, with the number of shares you hold representing your share of the fund. The value of a fund is directly related to the value of the assets in which it invests and the number of shares it issues.

The Company currently has four Funds launched as follows:

MI Verbatim Multi-Index Portfolio 3 Fund

MI Verbatim Multi-Index Portfolio 4 Fund

MI Verbatim Multi-Index Portfolio 5 Fund

MI Verbatim Multi-Index Portfolio 6 Fund

What may the Funds invest in?

All funds have different aims and may therefore hold a different mix of investments to achieve that aim. In addition, funds have the (limited) ability to invest in other asset types and countries, subject to a fund’s investment objectives and policy. Variations to a fund’s investments may change over time due to investment opportunities and changes in market conditions.

The Funds will have their assets invested in accordance with the investment objectives and policies. A summary of these is shown below.

Full investment objectives and policies are set out in the Prospectus available at www.fundrock.com/mi-funds/.

MI Verbatim Multi-Index Portfolio 3 Fund

A Sub-fund of MI Verbatim Multi-Index Funds.

What is the Fund’s investment objective and policy?

The Fund will use a broadly defensive investment strategy with the aim of achieving capital growth over the medium to longer term.

The Fund’s portfolio will gain exposure to the underlying assets via a diversified range of passive open-ended funds, exchange traded funds and real-estate investment trusts. The underlying asset mix of the Fund is up to 80% in fixed interest securities and the Fund may also have exposure to UK and global equities and property.

The typical exposure to fixed income securities is expected to be 30%-65% under normal market conditions.

The underlying asset mix of the Fund will follow an asset allocation model, provided by an external risk rating agency, such that, on a risk scale between 1 and 10, where 1 is defined as likely to be “lowest risk” and 10 is defined as likely to be “highest risk”, the Fund’s risk level is expected to be at level 3 meaning low risk. Because of the investment restrictions applicable to the Fund, in terms of the requirement to remain within the pre-determined risk level, the investment performance of the Fund may be constrained.

The allocation of the Fund’s assets between eligible asset classes will be managed by the Investment Manager to achieve the investment objective of the Fund, whilst remaining at its pre-determined risk level.

The Fund is able to invest in transferable securities (including exchange traded notes), bonds, collective investment schemes, warrants, money market instruments, cash, deposits (including certificates of deposit) and derivative instruments.

Through its investments, the portfolio will be exposed to a diversified range of asset classes, underlying currencies, geographic spread and may hold funds managed by a variety of fund management groups.

It is the ACD’s intention that derivatives and forward transactions will only be used for Efficient Portfolio

Management.

The Company permits the use of derivatives for investment purposes (in addition for Efficient Portfolio Management) by the Fund. However, this policy is not currently applied and may not be applied without giving the required 60 days' notice to Shareholders. If derivatives are used for the purpose of meeting the investment objective of the Fund it is not intended that the use of derivatives would significantly raise the risk profile but this cannot be guaranteed and the risk profile may increase as a result of a change in the investment policy for derivatives.

The Fund is managed with the aim to maintain within its risk band rather than to deliver a target return. There is no constraining benchmark or suitable comparator available. Investors can assess the Fund's performance by comparison of its total return over the medium to longer term to the Fund's Investment Objective.

MI Verbatim Multi-Index Portfolio 4 Fund

A Sub-fund of MI Verbatim Multi-Index Funds.

What is the Fund's investment objective and policy?

The Fund will use a broadly cautious managed investment strategy with the aim of achieving capital growth over the medium to longer term.

The Fund's portfolio will gain exposure to the underlying assets via a diversified range of passive open ended funds, exchange traded funds and real-estate investment trusts. The underlying asset mix of the Fund is up to 60% fixed interest and the Fund will also have exposure to UK and global equities, property and other investments. It has little exposure to small companies and emerging markets equities.

The underlying asset mix of the Fund will follow an asset allocation model, provided by an external risk rating agency, such that, on a risk scale between 1 and 10, where 1 is defined as likely to be "lowest risk" and 10 is defined as likely to be "highest risk", the Fund's risk level is expected to be at level 4 meaning lowest medium risk. Because of the investment restrictions applicable to the Fund, in terms of the requirement to remain within the pre-determined risk level, the

investment performance of the Fund may be constrained.

The allocation of the Fund's assets between eligible asset classes will be managed by the Investment Manager to achieve the investment objective of the Fund, whilst remaining at its pre-determined risk level.

The Fund is able to invest in transferable securities (including exchange traded notes), bonds, collective investment schemes, warrants, money market instruments, cash, deposits (including certificates of deposit) and derivative instruments.

Through its investments, the portfolio will be exposed to a diversified range of asset classes, underlying currencies, geographic spread and may hold funds managed by a variety of fund management groups.

It is the ACD's intention that derivatives and forward transactions will only be used for Efficient Portfolio Management.

The Company permits the use of derivatives for investment purposes (in addition for Efficient Portfolio Management) by the Fund. However, this policy is not currently applied and may not be applied without giving the required 60 days' notice to Shareholders. If derivatives are used for the purpose of meeting the investment objective of the Fund it is not intended that the use of derivatives would significantly raise the risk profile but this cannot be guaranteed and the risk profile may increase as a result of a change in the investment policy for derivatives.

The Fund is managed with the aim to maintain within its risk band rather than to deliver a target return. There is no constraining benchmark or suitable comparator available. Investors can assess the Fund's performance by comparison of its total return over the medium to longer term to the Fund's Investment Objective.

MI Verbatim Multi-Index Portfolio 5 Fund

A Sub-fund of MI Verbatim Multi-Index Funds.

What is the Fund's investment objective and policy?

The Fund will use a broadly cautious balanced strategy with the aim of achieving capital growth over the

medium to longer term.

The Fund's portfolio will gain exposure to the underlying assets via a diversified range of passive open ended funds, exchange traded funds and real-estate investment trusts. The underlying asset mix will generally be made up of equities of which greater exposure will be given to UK and developed Western markets with additional limited exposure given to Japanese, Asia Pacific and emerging markets. There will also be limited exposure to fixed interest securities (up to 40%) and other investments such as investment trusts may also be included in the portfolio.

The underlying asset mix of the Fund will follow an asset allocation model, provided by an external risk rating agency, such that, on a risk scale between 1 and 10, where 1 is defined as likely to be "lowest risk" and 10 is defined as likely to be "highest risk", the Fund's risk level is expected to be at level 5 meaning low medium risk. Because of the investment restrictions applicable to the Fund, in terms of the requirement to remain within the pre-determined risk level, the investment performance of the Fund may be constrained.

The allocation of the Fund's assets between eligible asset classes will be managed by the Investment Manager to achieve the investment objective of the Fund, whilst remaining at its pre-determined risk level.

The Fund is able to invest in transferable securities (including exchange traded notes), bonds, collective investment schemes, warrants, money market instruments, cash, deposits (including certificates of deposit) and derivative instruments.

Through its investments, the portfolio will be exposed to a diversified range of asset classes, underlying currencies, geographic spread and may hold funds managed by a variety of fund management groups.

It is the ACD's intention that derivatives and forward transactions will only be used for Efficient Portfolio Management.

The Company permits the use of derivatives for investment purposes (in addition for Efficient Portfolio Management) by the Fund. However, this policy is not currently applied and may not be applied without giving the required 60 days' notice to Shareholders. If

derivatives are used for the purpose of meeting the investment objective of the Fund it is not intended that the use of derivatives would significantly raise the risk profile but this cannot be guaranteed and the risk profile may increase as a result of a change in the investment policy for derivatives.

The Fund is managed with the aim to maintain within its risk band rather than to deliver a target return. There is no constraining benchmark or suitable comparator available. Investors can assess the Fund's performance by comparison of its total return over the medium to longer term to the Fund's Investment Objective.

MI Verbatim Multi-Index Portfolio 6 Fund

A Sub-fund of MI Verbatim Multi-Index Funds.

What is the Fund's investment objective and policy?

The Fund will use a broadly balanced investment strategy with the aim of achieving capital growth over the medium to longer term.

The Fund's portfolio will gain exposure to the underlying assets via a diversified range of passive open ended funds, exchange traded funds and real-estate investment trusts. The underlying asset mix will primarily be made up of equities of which greater exposure will be given to UK and developed Western markets with additional limited exposure given to Japanese, Asia Pacific and emerging markets. There will also be limited exposure to fixed interest securities (up to 30%) and other investments such as investment trusts may also be included in the portfolio.

The underlying asset mix of the Fund will follow an asset allocation model, provided by an external risk rating agency, such that, on a risk scale between 1 and 10, where 1 is defined as likely to be "lowest risk" and 10 is defined as likely to be "highest risk", the Fund's risk level is expected to be at level 6 meaning high medium risk. Because of the investment restrictions applicable to the Fund, in terms of the requirement to remain within the pre-determined risk level, the investment performance of the Fund may be constrained.

The allocation of the Fund's assets between eligible

asset classes will be managed by the Investment Manager to achieve the investment objective of the Fund, whilst remaining at its pre-determined risk level.

The Fund is able to invest in transferable securities (including exchange traded notes), bonds, collective investment schemes, warrants, money market instruments, cash, deposits (including certificates of deposit) and derivative instruments.

Through its investments, the portfolio will be exposed to a diversified range of asset classes, underlying currencies, geographic spread and may hold funds managed by a variety of fund management groups.

It is the ACD's intention that derivatives and forward transactions will only be used for Efficient Portfolio Management.

The Company permits the use of derivatives for investment purposes (in addition for Efficient Portfolio Management) by the Fund. However, this policy is not currently applied and may not be applied without giving the required 60 days' notice to Shareholders. If derivatives are used for the purpose of meeting the investment objective of the Fund it is not intended that the use of derivatives would significantly raise the risk profile but this cannot be guaranteed and the risk profile may increase as a result of a change in the investment policy for derivatives.

The Fund is managed with the aim to maintain within its risk band rather than to deliver a target return. There is no constraining benchmark or suitable comparator available. Investors can assess the Fund's performance by comparison of its total return over the medium to longer term to the Fund's Investment Objective.

Who are the Funds aimed at?

The Funds are designed to be marketable to retail and institutional investors. A summary of the investment objectives and policies of the Funds can be found in the relevant NURS KII. Further details of the Fund's investment objectives and policies can be found in the Prospectus.

The choice of the Company and Fund should be determined by the attitude to risk, wish for income and/or growth, geographical exposure preference, and

intended length of time for investment and in the context of the investor's overall portfolio. Investors and potential investors should note that neither the description of the typical investor profile as set out below nor any other information contained in this document constitutes investment advice and investors and potential investors should consult their own professional advisers concerning the acquisition, holding or disposal of shares in a Fund. Neither the Company, the ACD nor the Investment Manager makes any statement or representation in relation to the suitability, appropriateness or otherwise of any transaction in shares in a Fund.

The typical investor profile for each Fund is set out below.

MI Verbatim Multi-Index Portfolio 3 Fund

The Fund is aimed at investors who seek a low volatility exposure to a broadly diversified investment portfolio whose underlying investments are spread between asset classes including UK and international equities, fixed income and real-estate.

There is a trade off between risk and return and this Fund is suitable for investors whose appetite to risk is at the lower risk end of the trade off. Nevertheless, there is no guarantee that a positive investment return will be experienced, and investors should be willing to accept some risk to the value of their investment.

MI Verbatim Multi-Index Portfolio 4 Fund

The Fund is aimed at investors who seek a relatively low level of exposure to volatility with a view to maximising their investment returns, for the level of risk taken, over the longer term. This exposure will be to a broadly diversified investment portfolio whose underlying investments are spread between asset classes including UK and international equities, fixed income and real-estate.

There is a trade off between risk and return and this Fund is suitable for investors whose appetite to risk is such that they are willing to take a relatively low level of risk in pursuit of their investment return objectives. These investors will not be at the very lowest risk levels and will be aware that they need to take some risk to achieve real returns in the long run. Nevertheless, there is no guarantee that a positive investment return

will be experienced, and investors should be willing to accept some risk to the value of their investment.

MI Verbatim Multi-Index Portfolio 5 Fund

The Fund is aimed at investors who seek a relatively higher investment return over the longer term but are happy to expose themselves to moderate levels of volatility. The exposure will be gained by investment into a broadly diversified investment portfolio whose underlying investments are spread between asset classes including UK and international equities, fixed income and real-estate.

There is a trade off between risk and return and this Fund is suitable for investors whose appetite to risk is moderate. Nevertheless, there is no guarantee that a positive investment return will be experienced, and investors should be willing to accept some risk to the value of their investment.

MI Verbatim Multi-Index Portfolio 6 Fund

The Fund is aimed at investors who seek a relatively high volatility exposure to a broadly diversified investment portfolio whose underlying investments are spread between asset classes including UK and international equities (including small companies and emerging markets), fixed income and real-estate. Their goal should be a superior long-term investment return for the potentially higher level of investment risk inherent in this Fund.

There is a trade off between risk and return and this Fund is suitable for investors whose appetite to risk is at the upper risk end of the trade off. Nevertheless, there is no guarantee that a positive investment return will be experienced, and investors should be willing to accept some risk to the value of their investment.

The composition of the portfolio of this Fund means that the asset value of this Fund may be highly volatile at times.

INVESTING

How do I invest?

You can buy shares directly from us or through a professional adviser or other intermediary or investment platform. Application forms for buying shares can be obtained [by calling us on 0345 872 4984 at Hamilton Centre, Rodney Way, Chelmsford, Essex, United Kingdom, CM1 3BY or via our website at www.fundrock.com/mi-funds/.] If you have received advice from a FCA authorised intermediary, you will need to agree with them what charge you are paying for their service to you. This can be arranged directly between you and your intermediary.

If investing directly with us or through an intermediary, when we receive your completed application form and payment, we will invest in the fund you have chosen. If we receive your application before 12 noon UK time, we will invest in your chosen Fund on the same business day. If we receive your application after 12 noon UK time, we will invest in your chosen Fund(s) on the following business day.

We will send you or your financial adviser (or both) a confirmation following the investment. You will also be given an account number to use when you contact us.

If you invest through an investment platform, you should contact the platform to invest in the Funds.

You may also telephone the dealing team to invest in the Funds on 0345 872 4984 between 8.30 a.m. to 4.30 p.m. UK time.

What happens if I change my mind?

If you received advice from a financial adviser, and subsequently invested, you will receive a notice informing you of your right to change your mind and instructions on how to cancel. You will then have 14 days to cancel your investment. If you decide to proceed with your cancellation, we will return your investment money. Please note that if the value of your underlying investment has changed from the time your money was originally invested in the Funds, you may not receive your full money back.

How do I sell shares?

If you invest directly with us or through an intermediary, you can sell your shares by writing to us or calling 0345 872 4984. We will then send you a confirmation together with a renunciation form, which you will need to complete and return to us. We will sell your shares at the 12 noon UK time valuation point after we receive your instructions. Once we have received all the required documents to settle the deal, we will forward the proceeds of the sale to your designated bank account, normally within four business days. Investors are entitled to redeem their shares on any dealing day subject to certain conditions in the Prospectus and Regulations.

If you invest through an investment platform, you should contact the platform to sell your holding.

Contract notes to an intermediary

Where an intermediary has placed a transaction on an investor's behalf, all copies of contract notes will normally be sent to the intermediary. It is the responsibility of the intermediary to ensure that its client receives a copy of the contract note.

Where an investor has the right to cancel the transaction (typically where investment advice has been received by the investor from a regulated intermediary prior to investment), one copy of the contract note is sent to the investor along with the Cancellation Notice. A further copy is sent directly to the intermediary.

Can I Convert my shares for another share class in the same Fund?

Subject to any restrictions on the eligibility of investors for a particular share class, an investor may at any time convert all or some of their shares ("Original Shares") of one class in a Fund for shares in another class ("New Shares") in the same Fund.

There is currently no charge for converting between share classes.

Can I Switch between the different Funds?

Subject to any restrictions on the eligibility of investors for a particular share class, an investor may at any time switch all or some of their shares ("Original Shares") for

shares of another Fund ("New Shares") in the Company.

The ACD may at its discretion make a charge on the switching of shares between Funds. Any such charge on Switching does not constitute a separate charge payable by a Shareholder, but is rather the application of any redemption charge on the Original Shares and any initial charge on the New Shares, subject to certain waivers.

There is currently no charge for switching or conversions of shares in one class of a Fund for shares in another class of the same Fund.

Please note that under UK tax law a switch of shares in one Fund for shares in any other Fund is treated as a redemption of the Original Shares and a purchase of New Shares and will, for persons subject to taxation, be a realisation of the Original Shares for the purposes of capital gains taxation, which may give rise to a liability to tax, depending upon the investor's circumstances.

An investor who switches shares in one Fund for shares in any other Fund (or who switches between classes of shares) will not be given a right by law to withdraw from or cancel the transaction.

How do you calculate the value of the shares and where can I find out my shares' value?

The value of your shares is linked directly to the value of the investments held in the Fund. We calculate the share price at 12 noon UK time on each business day, which is the Funds valuation point.

The Funds only have one price at which shares can be bought and sold. Any charges we place on buying and selling will be in addition to this figure.

The previous day's dealing prices of shares in the Funds share classes are available at www.fundrock.com/mi-funds/. The prices of shares can also be obtained by calling us on 0345 872 4984 between 8.30 a.m. to 4.30 p.m. UK time.

As the Funds deal on a forward pricing basis, the prices that appear in these sources will not be the same as those at which investors can currently deal.

WHAT LIMITS APPLY TO INVESTING IN THE FUNDS?

The limits that apply to investment in all the Funds share classes are as follows:

Share Class	Minimum Initial Investment*	Minimum Subsequent Investment*	Minimum Holding*	Minimum Redemption*	Regular Savings Plan	Regular Withdrawal Facility
Class A Income and Accumulation GBP	£10,000	£1,000	£2,500	N/A	Yes, monthly investments are to be made via a standing order	Yes

*The ACD may waive the minimum levels at its discretion.

Accumulation and Distribution Dates

Fund	Final Accounting Date	Interim Accounting Date	Ex-dividend Dates	Income Distribution/ Accumulation Dates
All Funds	31 May	30 November	01 June 01 December	31 July 31 January

The Company offers both income and accumulation shares. Income will be accumulated in the price of Accumulation shares and the share price will be increased to reflect this.

Holders of Accumulation shares will be sent an Accumulation Statement giving details of the amount accumulated during the relevant period.

Income will be distributed to holders of Income shares who will receive a Tax Voucher giving details of the amount distributed during the relevant period.

CHARGES AND EXPENSES

What are the charges involved in investing?

This section gives details of relevant charges and expenses and the effect they may have on your investment. Full details of each of the charges, how they are calculated and when they are paid are set out in the Prospectus.

		Fund	Share Class	Charge
When I buy shares	Initial Charge (may also be called Entry Charge) There is no initial charge when you invest in shares of the Funds.	All Funds	N/A	N/A
During my investment	Annual Management Charge There is a charge for managing the Funds, which is usually a percentage of the value of the Fund. (Paid out of the Fund)	MI Verbatim Multi-Index Portfolio 3 Fund	All Share Classes	0.43%
		MI Verbatim Multi-Index Portfolio 4 Fund	All Share Classes	0.43%
		MI Verbatim Multi-Index Portfolio 5 Fund	All Share Classes	0.47%
		MI Verbatim Multi-Index Portfolio 6 Fund	All Share Classes	0.35%
If I want to Switch or Convert my shares	Switching and Conversion charges We do not charge for Switching or Converting your shares from one Fund into another.	All Funds	N/A	N/A
If I want to sell my shares	Exit charge We do not charge when you sell your shares.	All Funds	N/A	N/A

Fees detailed in the NURS KII

The Entry charges and the Ongoing Charges Figure (the OCF) apply to all Classes of both Income and Accumulation Shares and are displayed in the NURS KII (available separately at www.fundrock.com/mi-funds/). The OCF includes the Annual Management Charge, as well as additional expenses paid by a Fund. Further details concerning fees and any additional expenses paid by a Fund can be found in the Prospectus.

How will charges and expenses affect my investment?

Shares in a Fund are purchased and sold at the Fund's share price based on Net Asset Value. The initial charge paid as detailed above is deducted from an investor's subscription monies before shares are purchased.

The Funds fees and expenses are deducted from the Fund's income account. This may have the effect of reducing the amount of income available for distribution. However, where the amount of income received by the Fund is insufficient to meet all of the fees and expenses, some or all of such charges and expenses may be charged against capital instead. Any charges made against capital may have the effect of constraining capital growth.

Do you apply a dilution levy?

The actual cost of purchasing, selling or switching underlying investments in a Fund may deviate from the mid-market value used in calculating its share price due to dealing charges, taxes and any spread between buying and selling prices of a Fund's underlying investments.

These costs could have an adverse effect on the value of a Fund, known as "dilution". In order to mitigate the effect of dilution, and in order to protect the interests of existing/continuing shareholders, the ACD has the power to charge a "dilution levy" on the purchase and/or redemption or switching of shares in a Fund. The intention of a dilution levy is to mitigate, as much as possible, the dilutive effect caused by purchases and redemptions.

Where charged, the dilution levy will be shown separately as an addition to the cost of shares when

they are issued by the ACD, or as a deduction when they are redeemed by the ACD.

The ACD has no entitlement to the dilution levy, which will either be paid into the relevant Fund, in the case of an issue of shares or retained in the Fund, in the case of redemption of shares.

It is not possible to predict accurately whether dilution will occur at any point in time. The need to charge a dilution levy will depend on the volume of net purchases or redemptions, or in relation to any large deals as described below. The ACD may charge a discretionary dilution levy on any sale or redemption of shares if, in its opinion, the existing shareholders (for sales) or continuing shareholders (for redemptions) might otherwise materially be adversely affected. A dilution levy must be imposed only in a manner, that so far as practicable, is fair to all shareholders or potential shareholders. In particular, the dilution levy may be charged in the following circumstances:

where a Fund is in continual decline, in terms of net asset value, as a result of poor market conditions or continual net redemptions; where a Fund experiences a large level of net purchases on any dealing day (i.e. purchases less redemptions) or a large level of net redemptions on any dealing day (i.e. redemptions less purchases) relative to its size; on "large deals". For these purposes, a large deal is defined as a single purchase or a redemption exceeding 5% of the net asset value of a Fund);

in any other case where the ACD is of the opinion that the interests of existing/continuing shareholders and potential shareholders require the imposition of a dilution levy.

It is envisaged, based on future projections, that a dilution levy will be applied 2 – 4 times a year and a typical dilution levy may be up to 1% but, for the avoidance of doubt, may be higher in practice.

TAX INFORMATION

Tax affects both your personal position and that of the Fund. The tax position may change in the future. If you are unsure about your tax position, you should obtain advice from a professional adviser.

The information below is a general guide based on current UK law and HM Revenue and Customs ("HMRC") practice, which are subject to change. It summarises the tax position of the Funds and of investors who are resident in the UK and hold shares as investments. Prospective investors who are in any doubt as to their tax position, or who may be subject to tax in a jurisdiction other than the UK, are advised to take professional advice.

Do the Funds pay tax?

The Funds do not pay capital gains tax but do pay corporation tax on interest and some other income at a rate that is equal to the basic rate of income tax.

What is my tax position if I invest in the Funds through an ISA?

When you invest through an ISA, there is no personal income tax or capital gains tax to be paid on income or gains in your ISA investment.

The value of any tax advantages will depend on your individual circumstances.

What is my tax position if I invest into the Funds directly?

You may have to pay UK capital gains tax if you sell shares or switch between funds.

All income paid to investors from their investments is treated by HMRC as income (whether we pay the money into your bank account or you choose to allow it to accumulate in a fund). As a direct investor, you will therefore have to pay income tax on any investment income you receive. We pay or accumulate the net amount of your investment income gross and, for the 2025/2026 tax year, individual UK resident holders have an annual tax free allowance to dividend income of £500 per annum. For dividend income received above £500, the current tiers and rates of tax (subject to change) are as follows and will be based upon as individual's level of income:

Basic Rate Taxpayers – 8.75% (basic rate)

Higher Rate Taxpayers – 33.75%

Additional Rate Taxpayers – 39.35%

Individuals should note that if the receipt of dividend income takes them from one band/tier of UK personal taxation to another, the tax due on the excess dividend income over the annual allowance will be at the rates applicable to the new band/tier.

Corporate Shareholders who receive dividend distributions may have to divide them into two (in which case the division will be indicated on the tax voucher). Any part representing dividends received from a company will be treated as dividend income (that is, franked investment income) and no further tax will be due on it. The remainder will be received as an annual payment after deduction of income tax at the basic rate, and Corporate Shareholders may, depending on their circumstances, be liable to tax on the grossed up amount, with the benefit of the 20% income tax credit attached or to reclaim part of the tax credit as shown on the tax voucher.

Dividend distributions will be made gross to shareholders who are not UK resident. Non-resident shareholders who are individuals are not liable to UK income tax on the dividend distribution. Non-UK resident shareholders are recommended to seek professional advice as to the tax consequences of receiving a dividend distribution under the law of the jurisdiction of their residence.

Non-resident trusts may be chargeable to UK income tax on distributions made by a Fund and are recommended to seek professional advice.

CLIENT MONEY

In certain circumstances (including in relation to the purchase and redemption of shares), money in respect of shares will be transferred to a client money bank account with an Approved Bank that the ACD may from time to time select until such transactions can be completed. Money transferred to a client money account will be held in accordance with the FCA Client Money Rules relating to the holding of client money.

The purpose of utilising client money accounts is to protect shareholders should the ACD become insolvent during such a period. All client money bank accounts are non-interest bearing and therefore no interest is due or payable to the shareholders where client money balances are held.

Client money may be held with an Approved Bank outside the UK. In such case, the relevant accounts will be subject to the laws of that state and the client money may be treated in a different manner from that which would apply if the client money were held by a party located in the UK.

Where client money is deposited into an account with an Approved Bank, the Approved Bank may have a security interest or lien over, or right of set-off in relation to such money, to the extent the ACD is permitted to grant such rights by the Client Money Rules.

The ACD may hold client money in an omnibus account which means that shareholder's money may be held in the same account as that of other shareholders. In an insolvency event shareholders would not have a claim against a specific amount in a specific account. Shareholders would claim against the client money pool in general. Pooled property in omnibus accounts held by the ACD may be used for the account of any of the relevant shareholders.

The ACD will not be responsible for any loss or damages suffered by shareholders because of any error or action taken or not taken by any third parties holding client money in accordance with the Client Money Rules, unless the loss arises because the ACD has been negligent or acted fraudulently or in bad faith.

However, if the Approved Bank or Banks cannot repay all the persons to whom it owes money, any shortfall may have to be shared proportionally between all its creditors including shareholders.

Transfer of business

Except in respect of de minimis sums transferred in accordance with the Client Money Rules (where shareholder consent is not required), shareholders agree that the ACD may transfer to another person, as part of a transfer of business to that person, client money balances, provided that:

- a) the sums transferred will be held for the relevant shareholder by the person to whom they are transferred in accordance with the Client Money Rules; or
- b) if not held in accordance with (a), the ACD will exercise all due skill, care and diligence in assessing whether the person to whom the client money is transferred will apply adequate measure to protect these sums.

For the purpose of this paragraph, de minimis shall mean £25 for retail investors and £100 for all other investors.

Unclaimed balances

In certain circumstances, if the ACD has lost touch with a shareholder and there has been no movement on the account (notwithstanding any payments or receipts of charges, interest or similar items), the ACD will be permitted to pay the shareholder's client money balance to charity after six years. At this point, the ACD shall cease to treat such money as client money. The ACD will not do so until reasonable efforts have been made to contact the shareholder in accordance with the Client Money Rules. The shareholder will still be entitled to recover this money from the ACD at a later date irrespective of whether the ACD has paid the money to charity.

GENERAL INFORMATION

What other information can I access?

The annual long report relating to the Company (including accounts) will normally be made available within four months of the annual accounting period ending 31 May. The half-yearly (interim) long report relating to the Company (including accounts) will normally be made available within two months of the interim accounting period ending 30 November. These reports are available on the ACD's website at www.fundrock.com/mi-funds/.

The annual and interim reports are also available to any person, free of charge, upon request via telephone or in writing to the ACD.

Best Execution

Our best execution policy sets out the basis upon which we will effect transactions and place orders in relation to the Company whilst complying with our regulatory obligations to obtain the best possible result for the Company. Details of the best execution policy are available from the ACD upon request.

Voting Strategy

The Fund's property may be associated with voting rights. We have a strategy which determines when and how to vote for the benefit of each Fund. A summary of this strategy is available from the ACD on request by telephoning 0345 872 4984. You can also obtain details of the actions taken while following the strategy for the Funds.

The Company's report and accounts and the Prospectus

Copies of the Prospectus and the latest annual and half-yearly long reports may be obtained free of charge, either before or after you invest, from the ACD's address quoted in the Directory on page 19. The Prospectus and the latest annual and half-yearly reports can also be downloaded from our website directly at www.fundrock.com/mi-funds/.

Cancellation

If an investor has not had a face-to-face discussion with a representative of the company through which they are making this investment, which could, for

example, be the ACD or a company providing financial advice, then the investor is entering into this transaction 'at a distance'.

Where the investor is entering into a transaction 'at a distance', an investor does not have the right to cancel their application to invest in a Fund if the application has been made directly by the investor or if the investor did not meet their adviser or agent face-to-face. However, the ACD may, at its discretion, extend cancellation rights to such an investor but is under no obligation to do so.

If an investor has received face-to-face advice on their investment, they will have a right to change their mind. The investor will be able to exercise the right to cancel within 14 days of receipt of the cancellation notice from the ACD and they will receive a refund of the amount invested either in full or less a deduction to reflect any fall in the Fund's price in the intervening period.

Telephone calls and electronic communications

Telephone calls and electronic communications will be recorded. The ACD will keep a copy of telephone calls and electronic communications. A copy of the record is available from the ACD on request. The records will be kept for up to five years and where requested by the FCA, for up to seven years.

UK Money Laundering Regulations

In order to comply with the identification requirements of the UK Money Laundering Regulations, we may need to ask you to provide proof of your identity and address when buying or selling shares or to perform independent electronic searches of third-party databases.

How do I complain?

To obtain a copy of the Complaints Procedure or to make a complaint concerning the operation or marketing of the Company, please write to the Head of Compliance of the ACD at Apex Fundrock Limited, MI Verbatim Multi-Index Funds, Hamilton Centre, Rodney Way, Chelmsford, Essex CM1 3BY or by calling the ACD on 0345 872 4984 during the ACD's normal business hours.

If a complaint is not resolved to your satisfaction and you subsequently wish to take the matter further, you may refer it direct to the Financial Ombudsman Service

at Exchange Tower, Harbour Exchange Square, London E14 9SR (see also www.financial-ombudsman.org.uk).

Am I covered by a compensation scheme?

You are covered by the Financial Services Compensation Scheme. You may be entitled to compensation from this scheme if we cannot meet our obligations. This depends on the type of business and circumstances of the claim. Most types of investment business are covered up to £85,000.

Further information is available from the Financial Services Compensation Scheme, www.fscs.org.uk.

Data Protection: How your personal data is used

By completing and submitting an application form to invest in the Funds, you will be giving your consent to the processing of your personal data (including any anti-money laundering verification check), by us for the administration of services in connection with your investment on a contractual basis.

Additionally, we may be requested to share your personal data with our regulator, the Financial Conduct Authority, or for wider compliance with any legal or regulatory obligation to which we might be subject.

If you have used an intermediary to submit the application form we may also share information about your investment with them, to help them to continue to provide their services to you, unless you request us not to.

The way in which we may use personal information of individuals ("personal data") is governed by the "Data Protection Requirements" which means all applicable data protection laws and regulations including, without limitation, (a) the General Data Protection Regulation (EU) 2016/679 ("GDPR"), (b) UK GDPR (as that term is defined by the Data Protection, Privacy and Electronic Communications (Amendments etc) (EU Exit) Regulations 2019) and the Data Protection Act 2018, and (c) any legislation that Supplements or replaces the foregoing in the United Kingdom.

If we or our service providers need to share your personal data with a recipient outside the European Economic Area "EEA" or the United Kingdom "UK", we will ensure that appropriate safeguards are in place

including: model clauses that have been approved by the European Commission or the Secretary of State; a code of conduct or other certified mechanisms such as binding contractual rules. ("Safeguards").

We make every effort to maintain the registration of your holdings accurately. However, if you feel that we have incorrectly recorded any of your personal data, you may request its correction. You have the right to request copies of your personal data stored by us and can do so by using our contact details below.

Your data will be stored and processed securely for the period of your contract with us and for a minimum of seven years after our relationship ceases, for regulatory and legislation purposes only.

We are registered with the Information Commissioner's Office as a Data Controller and Data Processor for this purpose. Further information on how we manage your personal data can be found within our privacy policy which can be found on our website at www.apexgroup.com/privacy-policy/.

Should you wish to make a complaint or request further information on how we collect and process your personal data please contact us at: Data Protection Officer, Apex Fundrock Limited, Hamilton Centre, Rodney Way, Chelmsford Essex, CM1 3BY or email us at: DPO@apexfs.com.

Alternatively, if you have any concerns or complaints as to how we have handled your personal data, you may lodge a complaint to the Information Commissioner's Office through their website which can be found at: ico.org.uk/make-a-complaint/data-protection-complaints/
