- Trust Management PIE Funds Scheme
- Trust Management ESG International Bond Fund

This fund update was first made publicly available on: 29 October 2025

What is the purpose of this update?

This document tells you how the Trust Management ESG International Bond Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. FundRock NZ Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Objective: To generate a total return that exceeds the return of the Bloomberg Global Aggregate Index (100% hedged to NZ dollars), subject to meeting certain ethical investment criteria, before taking into account fees and expenses.

Strategy: To provide investors with a diversified exposure to international fixed interest investments that meet certain ethical investment criteria. The Fund invests in the Nuveen Global Sustainable Bond Fund, an Irish-domiciled UCITS fund managed by Nuveen Fund Advisors, LLC. The underlying Fund's foreign currency exposure targets a position of being close to 100% hedged back to NZ dollars.

Total value of the fund	\$31,002,346
The date the fund started	1 April 2020

What are the risks of investing?

Risk indicator for the Trust Management ESG International Bond Fund.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at <https://sorted.org.nz/>.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 30 Sep 2025. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (**PDS**) for more information about the risks associated with investing in this fund.

How has the fund performed?

	Average over past 5 years	Past year
Annual return (after deductions for charges and tax)	-0.49%	1.66%
Annual return (after deductions for charges but before tax)	-0.73%	2.22%
Market index annual return (reflects no deduction for charges and tax)	-0.14%	2.08%

The market index return is Bloomberg Global Aggregate Index (100% hedged to NZD) . This has been the market index since the inception of the fund.

Annual Return Graph See note 1

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 30 September 2025.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Trust Management ESG International Bond Fund are charged fund charges. In the year to 31 March 2025 these were:

	% of net asset value (inc. GST)
Total fund charges	0.36%
Which are made up of:	
Total manager and admin charges (inc. GST)	0.36%
Including:	
Manager's basic fee (inc. GST)	0.25%
Other management and administration charges	0.11%
Total performance-based fees	0.00%

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for the Trust Management ESG International Bond Fund on the offer register at <https://disclose-register.companiesoffice.govt.nz> for more information about those fees.

Example of how this applies to an investor

Small differences in fees and charges can have a big impact on your investment over the long term.

Anthony had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Anthony received a return after fund charges were deducted of \$222 (that is 2.22% of his initial \$10,000). This gives Anthony a return after tax of \$166 for the year.
