About MI Multi Asset Funds (“the Company”)

The Company is authorised by the Financial Conduct Authority (“FCA”) and its shares can be sold to retail investors. The Company is a Non-UCITS Retail Scheme (or “NURS”).

The Company is an umbrella Open-Ended Investment Company (“OEIC”), which means we can set up separate funds from time to time with the approval of the FCA. Funds are a way of combining your money with that of other investors to buy a wider range of investments. This can help to reduce risk by spreading your money over a wider range of investments and provide access to the services of a professional fund manager. Each fund is divided into shares, with the number of shares you hold representing your share of the fund. The value of a fund is directly related to the value of the assets in which it invests and the number of shares it issues.

The Company currently has six Funds launched as follows:

MI Classic Passive Portfolio Defensive Fund

MI Classic Passive Portfolio Aggressive Fund

MI Global Passive Portfolio Defensive Fund

What may the Funds invest in?

All funds have different aims and may therefore hold a different mix of investments to achieve that aim. In addition, funds have the (limited) ability to invest in other asset types and countries, subject to a fund’s investment objectives and policy. Variations to a fund’s investments may change over time due to investment opportunities and changes in market conditions.

The Funds will have their assets invested in accordance with the investment objectives and policies. A summary of these is shown below.

Full investment objectives and policies are set out in the Prospectus available at www.fundrock.com/mi-funds/.

MI Classic Passive Portfolio Defensive Fund

A Sub-fund of MI Multi Asset Funds.

What is the Fund’s investment objective and policy?

The objective of the Fund is to achieve a combination of capital growth and income over rolling 5-year periods.

The Fund typically has 30% indirect exposure to equities and 70% exposure to other assets, being indirect exposure to bonds and alternatives (such as commodities, loans, hedge funds, private equity and property) and direct and/or indirect exposure to deposits, money market instruments, cash, near-cash. Indirect exposure is through collective investment schemes, such as unit trusts, OEICs, exchange-traded funds and closed ended schemes.

The Fund’s exposure to equities may vary at any time to be between 17% – 43% (the “Equity Exposure”) in response to short to medium term changes in market and economic conditions, such as changes to national monetary policies, political events, and/or equity market performance.

The Fund takes a ‘classic’ investment approach meaning that it has a bias towards UK equities by having a higher Equity Exposure to the UK market proportionate to the size of the UK market. Between 0.5% and 20% of the value of the Fund’s property will typically be invested into UK equities.

The Fund invests at least 75% of the value of its property in units or shares of collective investment schemes which track an index. The Fund may also invest up to 25% of the value of its property in other collective investment schemes which do not track an index. The collective investment schemes in which the Fund invests may be managed and/or operated by the Authorised Corporate Director (“ACD”) or Investment Manager.

The performance comparator of the Fund is ARC Cautious PCI GBP (the “Comparator”). The Comparator is selected to be representative of peer portfolios that

are broadly comparable in terms of the main asset types. The Investment Manager is not bound by the Comparator when making their decisions and can invest in assets that are not included in the Comparator. To assess the performance of the Fund, it may be compared to the average return of the ARC Cautious PCI GBP. Further information on the Comparator is available on: <https://www.assetrisk.com/>.

INVESTING

How do I invest?

You can buy shares directly from us or through a professional adviser or other intermediary or investment platform. Application forms for buying shares can be obtained by calling us on 0345 872 4984 or writing to us at Hamilton Centre, Rodney Way, Chelmsford, Essex, United Kingdom, CM1 3BY or via our website at www.fundrock.com/mi-funds/. If you have received advice from a FCA authorised intermediary, you will need to agree with them what charge you are paying for their service to you. This can be arranged directly between you and your intermediary.

If investing directly with us or through an intermediary, when we receive your completed application form and payment, we will invest in the fund you have chosen. If we receive your application before 12 noon UK time, we will invest in your chosen Fund on the same business day. If we receive your application after 12 noon UK time, we will invest in your chosen Fund(s) on the following business day.

We will send you or your financial adviser (or both) a confirmation following the investment. You will also be given an account number to use when you contact us.

If you invest through an investment platform, you should contact the platform to invest in the Funds.

You may also telephone the dealing team to invest in the Funds on 0345 872 4984 between 8.30 a.m. to 4.30 p.m. UK time.

What happens if I change my mind?

If you received advice from a financial adviser, and subsequently invested, you will receive a notice informing you of your right to change your mind and instructions on how to cancel. You will then have 14 days to cancel your investment. If you decide to proceed with your cancellation, we will return your investment money. Please note that if the value of your underlying investment has changed from the time your money was originally invested in the Funds, you may not receive your full money back.

How do I sell shares?

If you invest directly with us or through an intermediary, you can sell your shares by writing to us or calling 0345 872 4984. We will then send you a confirmation together with a renunciation form, which you will need to complete and return to us. We will sell your shares at the 12 noon UK time valuation point after we receive your instructions. Once we have received all the required documents to settle the deal, we will forward the proceeds of the sale to your designated bank account, normally within four business days. Investors are entitled to redeem their shares on any dealing day subject to certain conditions in the Prospectus and Regulations.

If you invest through an investment platform, you should contact the platform to sell your holding.

Contract notes to an intermediary

Where an intermediary has placed a transaction on an investor's behalf, all copies of contract notes will normally be sent to the intermediary. It is the responsibility of the intermediary to ensure that its client receives a copy of the contract note.

Where an investor has the right to cancel the transaction (typically where investment advice has been received by the investor from a regulated intermediary prior to investment), one copy of the contract note is sent to the investor along with the Cancellation Notice. A further copy is sent directly to the intermediary.

Can I Convert my shares for another share class in the same Fund?

Subject to any restrictions on the eligibility of investors for a particular share class, an investor may at any time convert all or some of their shares ("Original Shares") of one class in a Fund for shares in another class ("New Shares") in the same Fund.

There is currently no charge for converting between share classes.

Can I Switch between the different Funds?

Subject to any restrictions on the eligibility of investors for a particular share class, an investor may at any time switch all or some of their shares ("Original Shares") for

shares of another Fund ("New Shares") in the Company.

The ACD may at its discretion make a charge on the switching of shares between Funds. Any such charge on Switching does not constitute a separate charge payable by a Shareholder, but is rather the application of any redemption charge on the Original Shares and any initial charge on the New Shares, subject to certain waivers.

There is currently no charge for switching or conversions of shares in one class of a Fund for shares in another class of the same Fund.

Please note that under UK tax law a switch of shares in one Fund for shares in any other Fund is treated as a redemption of the Original Shares and a purchase of New Shares and will, for persons subject to taxation, be a realisation of the Original Shares for the purposes of capital gains taxation, which may give rise to a liability to tax, depending upon the investor's circumstances.

An investor who switches shares in one Fund for shares in any other Fund (or who switches between classes of shares) will not be given a right by law to withdraw from or cancel the transaction.

How do you calculate the value of the shares and where can I find out my shares' value?

The value of your shares is linked directly to the value of the investments held in the Fund. We calculate the share price at 12 noon UK time on each business day, which is the Funds valuation point.

The Funds only have one price at which shares can be bought and sold. Any charges we place on buying and selling will be in addition to this figure.

The previous day's dealing prices of shares in the Funds share classes are available at www.fundrock.com/mi-funds/. The prices of shares can also be obtained by calling us on 0345 872 4984 between 8.30 a.m. to 4.30 p.m. UK time.

As the Funds deal on a forward pricing basis, the prices that appear in these sources will not be the same as those at which investors can currently deal.

WHAT LIMITS APPLY TO INVESTING IN THE FUNDS?

The limits that apply to investment in all the Funds share classes are as follows:

CHARGES AND EXPENSES

What are the charges involved in investing?

Fees detailed in the NURS KII

The Entry charges and the Ongoing Charges Figure (the OCF) apply to all Classes of Accumulation Shares and are displayed in the NURS KII (available separately at www.fundrock.com/mi-funds/). The OCF includes the Annual Management Charge, as well as additional expenses paid by a Fund. Further details concerning fees and any additional expenses paid by a Fund can be found in the Prospectus.

How will charges and expenses affect my investment?

Shares in a Fund are purchased and sold at the Fund's share price based on Net Asset Value. The initial charge paid as detailed above is deducted from an investor's subscription monies before shares are purchased.

The Funds fees and expenses are deducted from the Fund's income account. This may have the effect of reducing the amount of income available for distribution. However, where the amount of income received by the Fund is insufficient to meet all of the fees and expenses, some or all of such charges and expenses may be charged against capital instead. Any charges made against capital may have the effect of constraining capital growth.

Does a dilution adjustment apply?

The actual cost of dealing with assets / investments in the Funds may stray from the midmarket value used in calculating its share price. This is due to various charges, taxes and differences between dealing charges, taxes, and any difference between the buying and selling prices of the assets / investments.

These costs could have an adverse effect on the value of the Funds, known as "dilution" as a result of which the share value goes down. The regulations governing the Funds allow us to adjust the sale and purchase price of shares in the Fund to counteract dilution. This practice is known as making a "dilution adjustment".

The power to make a dilution adjustment may only be exercised to reduce dilution in the Funds. It is our policy to reserve the right to impose a dilution adjustment on the purchase, sale and switching of shares whatever size, and whenever made. If a dilution adjustment is made it will be applied to all transactions for a particular Fund during the relevant

period and all transactions during the relevant period will be dealt on the same price inclusive of the dilution adjustment.

Whilst it is not possible to accurately predict how frequently a dilution adjustment will be applied, the estimated dilution adjustment is 0.75% when buying or selling shares.

Full details on this policy are available in the Prospectus.

TAX INFORMATION

Tax affects both your personal position and that of the Fund. The tax position may change in the future. If you are unsure about your tax position, you should obtain advice from a professional adviser.

The information below is a general guide based on current UK law and HM Revenue and Customs ("HMRC") practice, which are subject to change. It summarises the tax position of the Funds and of investors who are resident in the UK and hold shares as investments. Prospective investors who are in any doubt as to their tax position, or who may be subject to tax in a jurisdiction other than the UK, are advised to take professional advice.

Do the Funds pay tax?

The Funds do not pay capital gains tax but do pay corporation tax on interest and some other income at a rate that is equal to the basic rate of income tax.

What is my tax position if I invest in the Funds through an ISA?

When you invest through an ISA, there is no personal income tax or capital gains tax to be paid on income or gains in your ISA investment.

The value of any tax advantages will depend on your individual circumstances.

What is my tax position if I invest into the Funds directly?

You may have to pay UK capital gains tax if you sell shares or switch between funds.

All income paid to investors from their investments is treated by HMRC as income (whether we pay the money into your bank account or you choose to allow it to accumulate in a fund). As a direct investor, you will therefore have to pay income tax on any investment income you receive. We pay or accumulate the net amount of your investment income gross and, for the 2025/2026 tax year, individual UK resident holders have an annual tax free allowance to dividend income of £500 per annum. For dividend income received above £500, the current tiers and rates of tax (subject to change) are as follows and will be based upon as individual's level of income:

Basic Rate Taxpayers – 8.75% (basic rate)

Higher Rate Taxpayers – 33.75%

Additional Rate Taxpayers – 39.35%

Individuals should note that if the receipt of dividend income takes them from one band/tier of UK personal taxation to another, the tax due on the excess dividend income over the annual allowance will be at the rates applicable to the new band/tier.

Corporate Shareholders who receive dividend distributions may have to divide them into two (in which case the division will be indicated on the tax voucher). Any part representing dividends received from a company will be treated as dividend income (that is, franked investment income) and no further tax will be due on it. The remainder will be received as an annual payment after deduction of income tax at the basic rate, and Corporate Shareholders may, depending on their circumstances, be liable to tax on the grossed up amount, with the benefit of the 20% income tax credit attached or to reclaim part of the tax credit as shown on the tax voucher.

Dividend distributions will be made gross to shareholders who are not UK resident. Non-resident shareholders who are individuals are not liable to UK income tax on the dividend distribution. Non-UK resident shareholders are recommended to seek professional advice as to the tax consequences of receiving a dividend distribution under the law of the jurisdiction of their residence.

Non-resident trusts may be chargeable to UK income tax on distributions made by a Fund and are recommended to seek professional advice.

CLIENT MONEY

In certain circumstances (including in relation to the purchase and redemption of shares), money in respect of shares will be transferred to a client money bank account with an Approved Bank that the ACD may from time to time select until such transactions can be completed. Money transferred to a client money account will be held in accordance with the FCA Client Money Rules relating to the holding of client money.

The purpose of utilising client money accounts is to protect shareholders should the ACD become insolvent during such a period. All client money bank accounts are non-interest bearing and therefore no interest is due or payable to the shareholders where client money balances are held.

Client money may be held with an Approved Bank outside the UK. In such case, the relevant accounts will be subject to the laws of that state and the client money may be treated in a different manner from that which would apply if the client money were held by a party located in the UK.

Where client money is deposited into an account with an Approved Bank, the Approved Bank may have a security interest or lien over, or right of set-off in relation to such money, to the extent the ACD is permitted to grant such rights by the Client Money Rules.

The ACD may hold client money in an omnibus account which means that shareholder's money may be held in the same account as that of other shareholders. In an insolvency event shareholders would not have a claim against a specific amount in a specific account. Shareholders would claim against the client money pool in general. Pooled property in omnibus accounts held by the ACD may be used for the account of any of the relevant shareholders.

The ACD will not be responsible for any loss or damages suffered by shareholders because of any error or action taken or not taken by any third parties holding client money in accordance with the Client Money Rules, unless the loss arises because the ACD has been negligent or acted fraudulently or in bad faith.

However, if the Approved Bank or Banks cannot repay all the persons to whom it owes money, any shortfall may have to be shared proportionally between all its creditors including shareholders.

Transfer of business

Except in respect of de minimis sums transferred in accordance with the Client Money Rules (where shareholder consent is not required), shareholders agree that the ACD may transfer to another person, as part of a transfer of business to that person, client money balances, provided that:

- a) the sums transferred will be held for the relevant shareholder by the person to whom they are transferred in accordance with the Client Money Rules; or
- b) if not held in accordance with (a), the ACD will exercise all due skill, care and diligence in assessing whether the person to whom the client money is transferred will apply adequate measure to protect these sums.

For the purpose of this paragraph, de minimis shall mean £25 for retail investors and £100 for all other investors.

Unclaimed balances

In certain circumstances, if the ACD has lost touch with a shareholder and there has been no movement on the account (notwithstanding any payments or receipts of charges, interest or similar items), the ACD will be permitted to pay the shareholder's client money balance to charity after six years. At this point, the ACD shall cease to treat such money as client money. The ACD will not do so until reasonable efforts have been made to contact the shareholder in accordance with the Client Money Rules. The shareholder will still be entitled to recover this money from the ACD at a later date irrespective of whether the ACD has paid the money to charity.

GENERAL INFORMATION

What other information can I access?

The annual long report relating to the Company (including accounts) will normally be made available within four months of the annual accounting period ending 30 April. The half-yearly (interim) long report relating to the Company (including accounts) will normally be made available within two months of the interim accounting period ending 31 October. Cancellation

If an investor has not had a face-to-face discussion with a representative of the company through which they are making this investment, which could, for

example, be the ACD or a company providing financial advice, then the investor is entering into this transaction 'at a distance'.

Where the investor is entering into a transaction 'at a distance', an investor does not have the right to cancel their application to invest in a Fund if the application has been made directly by the investor or if the investor did not meet their adviser or agent face-to-face. However, the ACD may, at its discretion, extend cancellation rights to such an investor but is under no obligation to do so.

If an investor has received face-to-face advice on their investment, they will have a right to change their mind. The investor will be able to exercise the right to cancel within 14 days of receipt of the cancellation notice from the ACD and they will receive a refund of the amount invested either in full or less a deduction to reflect any fall in the Fund's price in the intervening period.

Telephone calls and electronic communications

Telephone calls and electronic communications will be recorded. The ACD will keep a copy of telephone calls and electronic communications. A copy of the record is available from the ACD on request. The records will be kept for up to five years and where requested by the FCA, for up to seven years.

UK Money Laundering Regulations

In order to comply with the identification requirements of the UK Money Laundering Regulations, we may need to ask you to provide proof of your identity and address when buying or selling shares or to perform independent electronic searches of third-party databases.
