Our risk indicator does not imply that the portfolio is suitable for all types of investors. You are advised to consult your financial adviser.

**List of Portfolios**

**FR Retail Hedge Fund Scheme**

- \* AG Capital Variable FR Retail Hedge Fund
- \* AG Capital Opportunity FR Retail Hedge Fund
- \* AG Capital Rainbow FR Retail Hedge Fund
- \* AG Capital Fusion Worldwide FR Retail Fund of Hedge Funds
- \* AG Worldwide Macro FR Retail Hedge Fund
- \* AG Capital European Trends FR Retail Hedge Fund

**Portfolio Objective**

AG Capital Adaptive FR Retail Hedge Fund is focused on delivering strong absolute returns over medium to long term, with a clear emphasis on downside protection and capital preservation. A flexible adaptive approach will be employed that responds to changing market conditions.

**Investment Strategy**

The portfolio seeks to achieve its investment objective by investing in a diverse range of instruments including, equity, equity-related securities, money market instruments, fixed interest securities, listed property securities, REITs, currencies, bonds, debentures, options, warrants, debt instruments, preference shares, commodities, cash and cash-related instruments, exchange traded funds (ETFs), repurchase agreements, over the counter securities, forex, spot trades, swaps, forward rate agreements (FRAs), contract for difference (CFDs), futures and any other listed and unlisted financial instrument in line with conditions as determined by regulations from time to time. Unlisted investments in these instruments are permitted as determined by regulations from time to time. The portfolio will use the commitment method to calculate the portfolio's total exposure. The portfolio will predominantly invest in South African markets, however, is permitted to include investments in the offshore markets subject to the investment conditions determined by regulations from time to time. The manager, in consultation with the investment manager, reserves the right to close the portfolio to new investors on a date determined by the manager. This will be done to allow the portfolio to be managed in accordance with its mandate. The manager may, where a portfolio has been closed, reopen that portfolio again to new investors on a date determined by the manager.

**Changes to the Investment Strategy and/or Investment Policy**

In order to amend any provision(s) contained in the supplemental deed, the manager has to request and receive prior approval from the FSCA. Such request shall state the reasons for the proposed amendment and the impact or benefit this is likely to have for the investor. Upon receiving such approval, the auditor of the scheme must oversee a balloting process which is undertaken to obtain consent from the investors.

Investors holding at least 75% (seventy-five percent) in value of the participatory interests in the portfolio and who constitute more than 50% (fifty percent) of the portfolio's investors must vote in favour of the amendment for the amendment to be effected.

Voting shall be conducted by electronic ballot in accordance with the provisions of the deed, and the manager shall, after having dispatched the ballots to investors, allow for a period thirty days for investor to return the ballots.

**The Types of Assets in which the Portfolio may invest**

**The portfolio may include the following instruments:**

The portfolio will be investing in a broad spectrum of local and foreign listed and unlisted instruments ("Permitted Assets") as determined by regulations from time to time, including, but not limited to, equity, equity-related securities, money market instruments, fixed interest securities, listed property, debentures, options, warrants, bonds, currencies, debt instruments, preference shares, commodities, exchange traded funds (ETFs), over the counter securities, swaps, forward rate agreements (FRAs), contract for difference (CFDs), futures and any other listed and unlisted financial instrument in line with conditions as determined by regulations from time to time.

**The Investment Restrictions applicable to the Portfolio**

- \* 200% Commitment Leverage Limit;
- \* Equity Directional Exposure Limits: 150% net long or 50% net short, calculated as a % of NAV.
- \* Equity exposures to individual equities will be limited to 20% ( long or short ) as a % of NAV.

**Instances where the Portfolio may Use Leverage**

**The types and sources of leverage. Hedge Funds can generate leverage by:**

- \* Shorting securities and utilising the proceeds to purchase additional securities.
- \* Utilising derivative instruments that have leverage built into their construction, or.
- \* Borrowing money - typically achieved through repurchase transactions or physical borrowing of cash.

**The Risks Associated with the Leverage**

The portfolio may use leverage techniques from time to time to purchase or carry investments.

The interest expense and other costs incurred in connection with such leverage or borrowing may not be recovered by an appreciation in the investments purchased or carried.

Gains realised with leveraged investments may cause the underlying fund's net asset value to increase at a faster rate than would be the case without leverage. If, however, investment results fail to cover the cost of leverage or borrowings, the portfolio's net asset value could also decrease faster than if there had been no leverage or borrowings. Because of the leveraged nature of certain of the investments, a relatively small movement in the market price of traded instruments may result in a disproportionately large profit or loss.

**The Restrictions on the Use of Leverage**

The degree to which leverage may be employed in the portfolio shall be limited by the terms of the mandate. The limits laid down in the mandate should be carefully reviewed in making an investment decision.

**Does Portfolio Invest in Underlying Funds?**

No

**Collateral and Asset Re-Use Arrangements**

The cash and long positions held in the portfolio are available for use as collateral for the short positions held.

**The Maximum Leverage allowed for the Portfolio**

Commitment Approach Limit	200%
---------------------------	------

**Material Arrangements of the Manager with the Prime Broker**

**The Manner of Managing Conflicts of Interest**

The parties agree that, for the duration of this agreement, they shall endeavour to avoid any conflict of interest between them.

In order to protect the investors, the parties shall exercise due care and skill and note to any affected party the nature and extent of the potential conflict of interest as well as the steps undertaken to minimise the effect on any affected party by such conflict.

**The Level of Counterparty Exposure**

The portfolio will comply with the counterparty exposure limits as set out in BN52.

**The Methodology of Calculating Counterparty Exposure**

In terms of Section 8(2) of BN52 counterparty exposure shall be calculated to equal any initial margin held by a counterparty, the market value of any derivative, any net exposure generated through a scrip lending agreement and any other exposures created through reinvestment of collateral.

**Provisions in the Contract with the Depositary and Custodian on the Possibility of Transfer and Re-hypothecation of Assets**

The prime broking agreement does not provide for the transfer or re-hypothecation of assets.

**Provisions in the Contract with the Depositary and Custodian on the Possibility of Transfer and Re-hypothecation of Assets**

The prime broking agreement does not provide for the transfer or re-hypothecation of assets.

The portfolio's prime broker may provide a financing service to the portfolio, whereby any shortfall in the financing of the portfolio's assets is provided by the prime broker. Any such financing will be collateralised from the assets of the portfolio. However, unlike a normal borrowing situation, the prime broker takes physical delivery of the portfolio's assets and is permitted to deal with them for its own account. The portfolio's assets are therefore treated as being indistinguishable from the assets of the prime broker and are not segregated as client money or assets.

In the event of the insolvency of the prime broker, the assets of the portfolio that are held as collateral against money owed to the prime broker, are completely exposed to the prime broker's creditors. In such instances, any action by the prime broker's creditors may lead to the closing out of positions without the consent of the Investment Manager and at a loss.

**Delegated Administration and Management of Conflict of Interest that May Arise**

The Manager has appointed Apex Fund and Corporate Services SA as the administrator.

Both entities are subject to separate governance structures and independent oversight and internal controls; as well as the FSCA regulatory oversight. Both entities have satisfied the FSCA in terms of the conflict of interest policy they have in place.

The parties agree that, for the duration of this agreement, they shall endeavour to avoid any conflict of interest between them. In order to protect the investors, the parties shall exercise due care and skill and note to any affected party the nature and extent of the potential conflict of interest as well as the steps undertaken to minimise the effect on any affected party by such conflict.

**The Liquidity Risk Management of the Portfolio and the Repurchase Rights**

Liquidity risk will be managed by closely monitoring the portfolio's cash flow as well as analysing investments and redemptions based on historical data. The portfolio will have a significant bias to liquid instruments as it is limited to both derivatives and listed instruments.

**Repurchase of Participatory Interests**

The portfolio is valued daily. The transaction cut-off time is 14:00pm on a business day. Investor instructions received after 14:00pm shall be processed the following business day.

**Gating, Side-Pocketing and Repurchase Restrictions**

Sections 5(b) (ii) and 6(5) of BN52 provide that both retail hedge funds and qualified investor hedge funds may suspend the repurchases of units under exceptional circumstances and when it's in the interests of investors.

**Special Repurchase Arrangements or Rights of Some Investors**

None

**Investment Management Fees, Charges, and Expenses - Class 1**

Service Fee	2.21% (incl.VAT)
Performance Fee	The performance fee is uncapped, but the maximum performance fee rate is 20% (incl. VAT)
Hurdle	3-month Johannesburg Interbank Agreed Rate (JIBAR)
Entry Charge	0%
Exit Charge	0%

The portfolio may offer multiple classes of units for different types of investors and unit holders. The various classes in the portfolio may each have different fee structures for the different types of investors.

All investments will be allocated to specific classes at the discretion of the investment manager. All classes of units in the portfolio will invest in the same investment portfolio of securities and share the same investment objective and policy.

**Other Fees**

The portfolio may directly deduct and pay other fees if such payments are permitted in terms of Section 93 of CISA and are due and payable under lawful agreement.

**The Charges Paid by the Portfolio**

**These charges make up the running costs of the portfolio. Permissible deductions from a portfolio shall include:**

- \* Initial fee & VAT;
- \* Investment management fee;
- \* Administration fee;
- \* Exit fee;
- \* Trading charges e.g.brokerage,securities transfer tax,VAT,and other levies.
- \* Auditor's fees;
- \* Bank charges; and
- \* Trustee and custodian fees.

**The Portfolio's Valuation and Pricing Methodologies**

The portfolio will apply the portfolio valuation and asset pricing policy of the Manager. This policy will be consistently applied and meets the requirements of BN52.

Fair Treatment of Customers

The Manager observes a policy of Treating Customers Fairly ("TCF") and this permeates throughout the business and informs all business dealings of the Manager. The Manager strives to design, distribute, and provide products that meet the objectives of the TCF code and all investors investing in our products - simple and complex - are encouraged to seek qualified financial advice in order to select and invest in a product that not only meets their requirements, but is to their level of understanding and sophistication.

Preferential Treatment

The directors and employees of the investment manager may hold an investment in the portfolio. These investment may be allocated into a non-fee paying class with a 0% base fee and/or a 0% performance fee.

The Latest Annual Report

The latest annual report of the portfolio shall be kept at the office of the Manager for viewing by the investor.

Selling and Issuing Participatory Interest in the Portfolio

Purchase of Participatory Interests

Minimum Investment Amount

R 100,000.00 (One Hundred Thousand Rand)

The portfolio is valued daily. The transaction cut-off time is 14:00pm on a business day. Investor instructions received after 14:00pm shall be processed the following business day.

The Manager may not sell any participatory interests (units) except on terms requiring the full payment of the selling price.

Table with 3 columns: INVESTMENT MANAGER, MANAGEMENT COMPANY, TRUSTEE. Contains contact details for AG Capital (Pty) Ltd, FundRock Management Company (RF) (Pty) Ltd, and FirstRand Bank Limited.

Mandatory Disclosures

Collective Investment Schemes are generally medium- to long-term investments. The value of participatory interests (units) may go down as well as up. Past performance is not necessarily a guide to future performance. Collective investments are traded at ruling prices and can engage in scrip lending and borrowing. A schedule of fees, charges, minimum fees and maximum commissions, as well as a detailed description of how performance fees are calculated and applied, is available on request from FundRock Management Company (RF) (Pty) Ltd ("the Manager").

The Manager does not provide any guarantee in respect to the capital or the return of the portfolio. Excessive withdrawals from the portfolio may place the portfolio under liquidity pressure and in such circumstances, a process of ring-fencing of withdrawal instructions and managed pay-outs over time may be followed. Commission and incentives may be paid, and if so, are included in the overall costs.

The Manager may close the portfolio to new investors in order to manage it in accordance with its mandate. Prices are published daily on our website. Additional information, including key investor information documents, minimum disclosure documents, as well as other information relating to the basis on which the manager undertakes to repurchase participatory interests offered to it, and the basis on which selling and repurchase prices will be calculated, is available, free of charge, on request from the Manager.

The value of an investment is dependent on numerous factors which may include, but not limited to, share price fluctuations, interest and exchange rates and other economic factors. Where the portfolio invests in off-shore assets, performance is further affected by uncertainties such as changes in government policy, taxation and other legal or regulatory developments. The Manager ensures fair treatment of investors by not offering preferential fee or liquidity terms to any investor within the same strategy.

The Manager is registered and approved by the Financial Sector Conduct Authority ("FSCA") under CISCA. The Manager retains full legal responsibility for the portfolio. AG Capital (Pty) Limited, FSP No. 43325, is authorised under the Financial Advisory and Intermediary Services Act 37 of 2002 to render investment management services. FirstRand Bank Limited is the appointed trustee.
