Introduction

Guide to this document

This document is designed to be read alongside a relevant 2-page Non UCITS retail scheme Key Investor Information Document ("NURS KIID"). Together they summarise information about your investment in the Sub-funds, and provide answers to some important questions.

You should read these documents carefully to help you understand what you are buying, and keep them safe for future reference.

Please note that we will not accept your investment instructions unless you have confirmed that you have read the appropriate NURS KIID. These are available at www.fundrock.com/mi-funds/quilter-cheviot-investment-management/.

You should also read the relevant Prospectus (the "Prospectus") before making an investment decision. Your rights and duties as well as your legal relationship with the Company are set out in the Prospectus. For a copy of the Prospectus, please write to Apex Fundrock Limited, MI Quilter Cheviot Investment Funds, Hamilton Centre, Rodney Way, Chelmsford, Essex CM1 3BY or call us on 0345 521 1006.

A copy of the Prospectus, and details of how you can contact us, are also available at www.fundrock.com/mi-funds/quilter-cheviot-investment-management/.

The NURS KIID and the Prospectus are available in English. If you have any doubts about the contents of these documents, you should contact a professional adviser.

As we are not registered with the relevant authorities in the United States we cannot sell shares to people who are "US persons". For a definition of a US person, and for further information on this point, please see further details in the Prospectus or call us on 0345 521 1006.

About MI Quilter Cheviot Investment Funds (“the Company”)

The Company is authorised by the Financial Conduct Authority (“FCA”) and its shares can be sold to retail investors. The Company is a Non-UCITS Retail Scheme (or “NURS”).

The Company is an umbrella Open-Ended Investment Company (“OEIC”), which means we can set up separate funds from time to time with the approval of the FCA. Funds are a way of combining your money with that of other investors to buy a wider range of investments. This can help to reduce risk by spreading your money over a wider range of investments and provide access to the services of a professional fund manager. Each fund is divided into shares, with the number of shares you hold representing your share of the fund. The value of a fund is directly related to the value of the assets in which it invests and the number of shares it issues.

The Company currently has eight Funds as follows:

MI Quilter Cheviot Conservative Fixed Interest Fund

MI Quilter Cheviot Fixed Interest Fund

MI Quilter Cheviot UK Equity Fund

MI Quilter Cheviot North American Equity Fund

MI Quilter Cheviot European Equity Fund

MI Quilter Cheviot Asian and Emerging Markets Equity Fund

MI Quilter Cheviot Diversified Returns Fund

MI Quilter Cheviot Alternative Assets Fund

What may the Funds invest in?

All funds have different aims and may therefore hold a different mix of investments to achieve that aim. In addition, funds have the (limited) ability to invest in other asset types and countries, subject to a fund’s investment objectives and policy. Variations to a fund’s investments may change over time due to investment opportunities and changes in market conditions.

The Funds will have their assets invested in accordance with the investment objectives and policies. A summary of these is shown below.

Full investment objectives and policies are set out in the Prospectus available at www.fundrock.com/mi-funds/quilter-cheviot-investment-management/.

MI Quilter Cheviot Conservative Fixed Interest Fund

A Sub-fund of MI Quilter Cheviot Investment Funds.

What is the Fund’s investment objective and policy?

The Fund aims to deliver income and the potential for capital growth on a rolling five-year basis, by investing predominantly in a diversified portfolio of UK and global bonds either directly or indirectly.

The Fund will typically invest at least 70% of the portfolio directly but at times, dependent on market conditions and the Investment Manager’s view of the market, the direct exposure may be higher or lower than 70% but is never expected to fall below 50%.

The Fund’s indirect investments will include other investment funds (which may include those that are managed or operated by the ACD or an associate of the ACD), to give further bonds exposure.

The Fund expects to invest conservatively, with 70% or more of the Fund invested in conventional gilts issued by the UK Government and index linked gilts.

The Fund may also hold other assets, including investment grade and/or sub-investment grade corporate bonds and cash.

Bonds are like loans that pay a fixed or variable rate of interest issued by governments, companies and other large organisations worldwide. Bonds are classified by rating agencies for their creditworthiness: those rated ‘investment grade’ generally carry a relatively low risk of default but also tend to offer lower yields than ‘non-investment grade’ bonds which, in turn, generally have a higher risk of default but also tend to offer higher yields.

The Fund may only make use of derivatives, which are sophisticated instruments whose value is linked to the rise and fall of other assets, for the purposes of hedging

and efficient portfolio management, with the aim of managing risk and cost.

The Fund is actively managed. This means the Investment Manager uses their expertise to pick investments to achieve the Fund's objective.

MI Quilter Cheviot Fixed Interest Fund

The Fund's indirect investments will include other investment funds (which may include those that are managed or operated by the ACD or an associate of the ACD), to give further bonds exposure.

The Fund expects to invest 60% or greater in conventional gilts issued by the UK Government, index linked gilts and in investment grade corporate bonds.

The Fund may also hold other assets, including global sovereign debt and sub-investment grade corporate bonds and cash.

Bonds are like loans that pay a fixed or variable rate of interest issued by governments, companies and other large organisations worldwide. Bonds are classified by rating agencies for their creditworthiness: those rated 'investment grade' generally carry a relatively low risk of default but also tend to offer lower yields than 'non-investment grade' bonds which, in turn, generally have a higher risk of default but also tend to offer higher yields.

MI Quilter Cheviot UK Equity Fund

A Sub-fund of MI Quilter Cheviot Investment Funds.

What is the Fund's investment objective and policy?

The Fund aims to deliver capital growth and income on a rolling five-year basis, by investing in the shares of UK companies.

The Fund will invest at least 90% directly into UK company shares or indirectly through other investment funds (which may include those that are managed or operated by the ACD or an associate of the ACD) which themselves invest in the shares of UK companies.

The Fund will typically invest at least 80% of the portfolio directly but at times, dependent on market conditions and the Investment Manager's view of the market, the direct exposure may be higher or lower than 80% but is never expected to fall below 60%.

Not more than 20% of the Fund will be in shares of smaller companies.

The Fund may also hold other assets, including cash. The Fund may only make use of derivatives, which are sophisticated instruments whose value is linked to the rise and fall of other assets, for the purposes of hedging and efficient portfolio management, with the aim of managing risk and cost.

The Fund is actively managed. This means the Investment Manager uses their expertise to pick investments to achieve the Fund's objective.

MI Quilter Cheviot North American Equity Fund

A Sub-fund of MI Quilter Cheviot Investment Funds.

What is the Fund's investment objective and policy?

The Fund aims to deliver capital growth and income on a rolling five-year basis, by investing in the shares of North American companies.

The Fund will invest at least 90% directly into North American company shares or indirectly through other investment funds (which may include those that are managed or operated by the ACD or an associate of the ACD) which themselves invest in the shares of North American companies.

The Fund will typically invest at least 80% of the portfolio directly but at times, dependent on market

conditions and the Investment Manager's view of the market, the direct exposure may be higher or lower than 80% but is never expected to fall below 60%.

The Fund may also hold other assets, including cash.

The Fund may only make use of derivatives, which are sophisticated instruments whose value is linked to the rise and fall of other assets, for the purposes of hedging and efficient portfolio management, with the aim of managing risk and cost.

The Fund is actively managed. This means the Investment Manager uses their expertise to pick investments to achieve the Fund's objective.

MI Quilter Cheviot European Equity Fund

A Sub-fund of MI Quilter Cheviot Investment Funds.

What is the Fund's investment objective and policy?

The Fund aims to deliver capital growth and income on a rolling five-year basis, by investing in the shares of companies in developed European markets, excluding the UK.

The Fund will invest at least 90% directly into European company shares or indirectly through other investment funds (which may include those that are managed or operated by the ACD or an associate of the ACD) which themselves invest in the shares of European companies.

The Fund will typically invest at least 80% of the portfolio directly but at times, dependent on market conditions and the Investment Manager's view of the market, the direct exposure may be higher or lower than 80% but is never expected to fall below 60%.

The Fund may also hold other assets, including cash.

The Fund may only make use of derivatives, which are sophisticated instruments whose value is linked to the rise and fall of other assets, for the purposes of hedging and efficient portfolio management, with the aim of managing risk and cost.

The Fund is actively managed. This means the Investment Manager uses their expertise to pick investments to achieve the Fund's objective.

MI Quilter Cheviot Asian and Emerging Markets Equity Fund

A Sub-fund of MI Quilter Cheviot Investment Funds.

What is the Fund's investment objective and policy?

The Fund aims to deliver capital growth and income on a rolling five-year basis, by investing at least 90% in the shares of companies in developed markets in the Asia-Pacific region and global emerging markets.

The Fund will invest both directly into company shares and indirectly through other investment funds (which may include those that are managed or operated by the ACD or an associate of the ACD) which themselves invest in the shares of Asia-Pacific region companies and global emerging markets.

The Fund will invest at least 80% of the portfolio indirectly.

The Fund may also hold other assets, including cash.

The Fund may only make use of derivatives, which are sophisticated instruments whose value is linked to the rise and fall of other assets, for the purposes of hedging and efficient portfolio management, with the aim of managing risk and cost.

The Fund is actively managed. This means the Investment Manager uses their expertise to pick investments to achieve the Fund's objective.

MI Quilter Cheviot Diversified Returns Fund

A Sub-fund of MI Quilter Cheviot Investment Funds.

What is the Fund's investment objective and policy?

The Fund aims to deliver capital growth and income on a rolling five-year basis, by investing predominantly in a diversified portfolio of asset classes either directly or indirectly.

The Fund will typically invest at least 90% of the portfolio indirectly but at times, dependent on market conditions and the Investment Manager's view of the market, the indirect exposure may be higher or lower than 90% but is never expected to fall below 80%.

The Fund's indirect investments will include other investment funds (which may include those that are managed or operated by the ACD or an associate of the

ACD), to give further exposure to a diversified portfolio of asset classes.

The Fund will have typically 60% (but a minimum of 50%) invested in alternative asset classes such as: private equity; infrastructure; currency; derivatives; and funds with absolute return strategies and multi asset strategies. The Fund will have no direct exposure to property or commodities funds.

Most of the alternative asset class exposure will be through funds with absolute return strategies and multi-asset strategies.

Absolute return funds aim to deliver positive returns regardless of the direction of broader investment markets. Multi asset funds invest across different asset classes, seeking to achieve asset diversification within the one fund.

A portion of the Fund will be invested in low-cost investments that track the performance of mainstream asset classes (but the Fund itself does not seek to track any index). No more than 50% of the Fund will be invested in index-tracking investments.

The Fund may also hold other assets, including company shares, government bonds, investment grade and/or sub-investment grade corporate bonds and cash.

Bonds are like loans that pay a fixed or variable rate of interest issued by governments, companies and other large organisations worldwide. Bonds are classified by rating agencies for their creditworthiness: those rated 'investment grade' generally carry a relatively low risk of default but also tend to offer lower yields than 'non-investment grade' bonds which, in turn, generally have a higher risk of default but also tend to offer higher yields.

The Fund may use derivatives, which are sophisticated instruments whose value is linked to the rise and fall of other assets, to achieve its investment objectives and for the purposes of hedging and efficient portfolio management, with the aim of managing risk and cost.

The Fund is actively managed. This means the Investment Manager uses their expertise to pick

investments to achieve the Fund's objective.

MI Quilter Cheviot Alternative Assets Fund

A Sub-fund of MI Quilter Cheviot Investment Funds.

What is the Fund's investment objective and policy?

The Fund aims to deliver capital growth and income on a rolling five-year basis, by investing predominantly in a diversified portfolio of asset classes either directly or indirectly.

The Fund will typically invest at least 90% of the portfolio indirectly but at times, dependent on market conditions and the Investment Manager's view of the market, the indirect exposure may be higher or lower than 90% but is never expected to fall below 80%.

The Fund's indirect investments will include other investment funds (which may include those that are managed or operated by the ACD or an associate of the ACD), to give further exposure to a diversified portfolio of asset classes.

The Fund will have typically 70% (but a minimum of 50%) invested in alternative asset classes such as: property; commodities (such as gold and precious metals); private equity; infrastructure; currency; derivatives; and funds with absolute return strategies and multi asset strategies. The exposure to property and commodities will vary and may at times be significant.

Absolute return funds aim to deliver positive returns regardless of the direction of broader investment markets. Multi asset funds invest across different asset classes, seeking to achieve asset diversification within the one fund.

The Fund may also hold other assets, including company shares, government bonds, investment grade and/or sub-investment grade corporate bonds and cash.

Bonds are like loans that pay a fixed or variable rate of interest issued by governments, companies and other large organisations worldwide. The Fund is actively managed. This means the Investment Manager uses their expertise to pick investments to achieve the Fund's objective.

Who are the Funds aimed at?

The Funds are designed to meet a wide range of investment needs and different appetites for risk. A summary of the investment objectives and policies of the Funds can be found in the relevant NURS Key Investor Information Documents ("NURS KIIDs"). Further details of the Fund's investment objectives and policies can be found in the Prospectus.

INVESTING

How do I invest?

You can buy shares directly from us or through a professional adviser or other intermediary or investment platform. Application forms for buying shares can be obtained by calling us on 0345 521 1006, or via our website at www.fundrock.com/mi-funds/quilter-cheviot-investment-management/. If you have received advice from an FCA authorised intermediary, you will need to agree with them what charge you are paying for their service to you. This can be arranged directly between you and your intermediary.

If investing directly with us or through an intermediary, when we receive your completed application form and payment, we will invest in the fund you have chosen. If we receive your application before 12 noon UK time, we will invest in your chosen Fund on the same business day. If we receive your application after 12 noon UK time, we will invest in your chosen Fund(s) on the following business day.

We will send you or your financial adviser (or both) a confirmation following the investment. You will also be given an account number to use when you contact us.

If you invest through an investment platform, you should contact the platform to invest in the Funds.

You may also telephone the dealing team to invest in the Funds on 0345 521 1006 between 8.30 a.m. to 4.30 p.m. UK time.

What happens if I change my mind?

If you received advice from a financial adviser, and subsequently invested, you will receive a notice informing you of your right to change your mind and instructions on how to cancel. You will then have 14 days to cancel your investment. If you decide to proceed with your cancellation, we will return your investment money. Please note that if the value of your underlying investment has changed from the time your money was originally invested in the Funds, you may not receive your full money back.

How do I sell shares?

If you invest directly with us or through an intermediary, you can sell your shares by writing to us or calling 0345 521 1006. We will then send you a confirmation together with a renunciation form, which you will need to complete and return to us. We will sell your shares at the 12 noon UK time valuation point after we receive your instructions. Once we have received all the required documents to settle the deal, we will forward the proceeds of the sale to your designated bank account, normally within four business days. Investors are entitled to redeem their shares on any dealing day subject to certain conditions in the Prospectus and Regulations.

If you invest through an investment platform, you should contact the platform to sell your holding.

Contract notes to an intermediary

Where an intermediary has placed a transaction on an investor's behalf, all copies of contract notes will normally be sent to the intermediary. It is the responsibility of the intermediary to ensure that its client receives a copy of the contract note.

Where an investor has the right to cancel the transaction (typically where investment advice has been received by the investor from a regulated intermediary prior to investment), one copy of the contract note is sent to the investor along with the Cancellation Notice. A further copy is sent directly to the intermediary.

Can I Convert my shares for another share class in the same Fund?

Subject to any restrictions on the eligibility of investors for a particular share class, an investor may at any time convert all or some of their shares ("Original Shares") of one class in a Fund for shares in another class ("New Shares") in the same Fund.

There is no charge for converting between share classes.

Can I Switch between the different Funds?

Subject to any restrictions on the eligibility of investors for a particular share class, an investor may at any time

switch all or some of their shares ("Original Shares") for shares of another Fund ("New Shares") in the Company.

The ACD may at its discretion make a charge on the switching of shares between Funds. Any such charge on Switching does not constitute a separate charge payable by a Shareholder, but is rather the application of any redemption charge on the Original Shares and any initial charge on the New Shares, subject to certain waivers.

There is currently no charge for switching or conversions of shares in one class of a Fund for shares in another class of the same Fund.

Please note that under UK tax law a switch of shares in one Fund for shares in any other Fund is treated as a redemption of the Original Shares and a purchase of New Shares and will, for persons subject to taxation, be a realisation of the Original Shares for the purposes of capital gains taxation, which may give rise to a liability to tax, depending upon the investor's circumstances.

An investor who switches shares in one Fund for shares in any other Fund (or who switches between classes of shares) will not be given a right by law to withdraw from or cancel the transaction.

How do you calculate the value of the shares and where can I find out my shares' value?

The value of your shares is linked directly to the value of the investments held in the Fund. We calculate the share price at 12 noon UK time on each business day, which is the Funds valuation point.

The Funds only have one price at which shares can be bought and sold. Any charges we place on buying and selling will be in addition to this figure.

The previous day's dealing prices of shares in the Funds share classes are available at www.fundrock.com/mi-funds/quilter-cheviot-investment-management/. The prices of shares can also be obtained by calling us on 0345 521 1006 between 8.30 a.m. to 4.30 p.m. UK time.

As the Funds deal on a forward pricing basis, the prices that appear in these sources will not be the same as those at which investors can currently deal.

WHAT LIMITS APPLY TO INVESTING IN THE FUNDS?

The limits that apply to investment in all the Funds share classes are as follows:

Share Class	Minimum Initial Investment*	Minimum Subsequent Investment*	Minimum Holding*	Minimum Redemption	Regular Savings Plan	Regular Withdrawal Facility
Class A** Income and Accumulation GBP	£10,000,000	£10,000,000	£10,000,000	N/A (provided minimum holding is maintained)	Yes, monthly investments are to be made via a standing order	No

*The ACD may waive the minimum levels at its discretion.

**Class A Shares are available only to Shareholders who have an agreement with the Investment Manager. Shareholders in Class A who are not eligible to hold that Class may be converted to Class B.

†Class A USD Shares are available only to MI Quilter Cheviot North American Equity Fund.

Accumulation and Distribution Dates

Fund	Final Accounting Date	Interim Accounting Date	Ex-dividend Dates	Income Distribution/ Accumulation Dates
All Funds	30 April	31 January, 31 July, 31 October	(Final): 1 May, (Interim): 1 February, 1 August, 1 November	(Final): 30 June, (Interim): 31 March, 30 September, 31 December

The Company offers both income and accumulation shares. Income will be accumulated in the price of Accumulation shares and the share price will be increased to reflect this.

Holders of Accumulation shares will be sent an Accumulation Statement giving details of the amount accumulated during the relevant period.

Income will be distributed to holders of Income shares who will receive a Tax Voucher giving details of the amount distributed during the relevant period.

CHARGES AND EXPENSES

What are the charges involved in investing?

This section gives details of relevant charges and expenses and the effect they may have on your investment. Full details of each of the charges, how they are calculated and when they are paid are set out in the Prospectus.

		Fund	Share Class	Charge
When I buy shares	Initial Charge (may also be called Entry Charge) There is no initial charge applicable when you invest in shares of the Funds.	All Funds	N/A	N/A
During my investment	Investment Management Fee There is a charge for managing the Funds, which is usually a percentage of the value of the Fund. (Paid out of the Fund)	All Funds	Class A (Income Shares and Accumulation Shares)*	0.00%
			Class B (Income Shares and Accumulation Shares)	0.20%
If I want to Switch or Convert my shares	Switching and Conversion charges We do not charge for Switching or Converting your shares from one Fund into another.	All Funds	N/A	N/A
If I want to sell my shares	Exit charge We do not charge when you sell your shares.	All Funds	N/A	N/A

*Class A Shares are available only to Shareholders who have an agreement with the Investment Manager. Shareholders in Class A who are not eligible to hold that Class may be converted to Class B.

Fees detailed in the NURS KIID

The Entry charges and the Ongoing Charges Figure (the OCF) apply to all Classes of both Income and Accumulation Shares and are displayed in the NURS KIID (available separately at www.fundrock.com/mi-funds/quilter-cheviot-investment-management/). The OCF includes the Investment Management Fee rate detailed as above, as well as additional expenses paid by a Fund. Further details concerning fees and any additional expenses paid by a Fund can be found in the Prospectus.

How will charges and expenses affect my investment?

Shares in a Fund are purchased and sold at the Fund's share price based on Net Asset Value. The initial charge paid as detailed above is deducted from an investor's subscription monies before shares are purchased.

The Funds fees and expenses are deducted from the Fund's income account. This may have the effect of reducing the amount of income available for distribution. However, where the amount of income received by the Fund is insufficient to meet all of the fees and expenses, some or all of such charges and expenses may be charged against capital instead. Any charges made against capital may have the effect of constraining capital growth.

Does a dilution adjustment apply?

The actual cost of dealing with assets / investments in the Funds may stray from the midmarket value used in calculating its share price. This is due to various charges, taxes and differences between dealing charges, taxes, and any difference between the buying and selling prices of the assets / investments.

These costs could have an adverse effect on the value of the Funds, known as "dilution" as a result of which the share value goes down. The regulations governing the Funds allow us to adjust the sale and purchase price of shares in the Fund to counteract dilution. This practice is known as making a "dilution adjustment".

The power to make a dilution adjustment may only be exercised to reduce dilution in the Funds. It is our policy to reserve the right to impose a dilution adjustment on the purchase, sale and switching of shares of whatever size, and whenever made. If a dilution adjustment is made it will be applied to all transactions for a particular Fund during the relevant measurement period and all transactions during the relevant measurement period will be dealt on the same price inclusive of the dilution adjustment.

It is envisaged (based on historic data) that a dilution adjustment will be applied 2 – 4 times a year. A typical dilution adjustment may range from 0% to 1% when buying or selling shares.

Full details on this policy are available in the Prospectus.

TAX INFORMATION

Tax affects both your personal position and that of the Fund. The tax position may change in the future. If you are unsure about your tax position, you should obtain advice from a professional adviser.

The information below is a general guide based on current UK law and HM Revenue and Customs ("HMRC") practice, which are subject to change. It summarises the tax position of the Funds and of investors who are resident in the UK and hold shares as investments. Prospective investors who are in any doubt as to their tax position, or who may be subject to tax in a jurisdiction other than the UK, are advised to take professional advice.

Do the Funds pay tax?

The Funds do not pay capital gains tax but do pay corporation tax on interest and some other income at a rate that is equal to the basic rate of income tax.

What is my tax position if I invest in the Funds through an ISA?

When you invest through an ISA, there is no personal income tax or capital gains tax to be paid on income or gains in your ISA investment.

The value of any tax advantages will depend on your individual circumstances.

What is my tax position if I invest into the Funds directly?

You may have to pay UK capital gains tax if you sell shares or switch between funds.

All income paid to investors from their investments is treated by HMRC as income (whether we pay the money into your bank account or you choose to allow it to accumulate in a fund). As a direct investor, you will therefore have to pay income tax on any investment income you receive. We pay or accumulate the net amount of your investment income gross and, for the 2025/2026 tax year, individual UK resident holders

have an annual tax free allowance to dividend income of £500 per annum. For dividend income received above £500, the current tiers and rates of tax (subject to change) are as follows and will be based upon an individual's level of income:

Basic Rate Taxpayers – 8.75% (basic rate)

Higher Rate Taxpayers – 33.75%

Additional Rate Taxpayers – 39.35%

Individuals should note that if the receipt of dividend income takes them from one band/tier of UK personal taxation to another, the tax due on the excess dividend income over the annual allowance will be at the rates applicable to the new band/tier.

Corporate Shareholders who receive dividend distributions may have to divide them into two (in which case the division will be indicated on the tax voucher). Any part representing dividends received from a company will be treated as dividend income (that is, franked investment income) and no further tax will be due on it. The remainder will be received as an annual payment after deduction of income tax at the basic rate, and Corporate Shareholders may, depending on their circumstances, be liable to tax on the grossed up amount, with the benefit of the 20% income tax credit attached or to reclaim part of the tax credit as shown on the tax voucher.

Dividend distributions will be made gross to shareholders who are not UK resident. Non-resident shareholders who are individuals are not liable to UK income tax on the dividend distribution. Non-UK resident shareholders are recommended to seek professional advice as to the tax consequences of receiving a dividend distribution under the law of the jurisdiction of their residence.

Non-resident trusts may be chargeable to UK income tax on distributions made by a Fund and are recommended to seek professional advice.

CLIENT MONEY

In certain circumstances (including in relation to the purchase and redemption of shares), money in respect of shares will be transferred to a client money bank account with an Approved Bank that the ACD may from time to time select until such transactions can be completed. Money transferred to a client money account will be held in accordance with the FCA Client Money Rules relating to the holding of client money.

The purpose of utilising client money accounts is to protect shareholders should the ACD become insolvent during such a period. All client money bank accounts are non-interest bearing and therefore no interest is due or payable to the shareholders where client money balances are held.

Client money may be held with an Approved Bank outside the UK. In such case, the relevant accounts will be subject to the laws of that state and the client money may be treated in a different manner from that which would apply if the client money were held by a party located in the UK.

Where client money is deposited into an account with an Approved Bank, the Approved Bank may have a security interest or lien over, or right of set-off in relation to such money, to the extent the ACD is permitted to grant such rights by the Client Money Rules.

The ACD may hold client money in an omnibus account which means that shareholder's money may be held in the same account as that of other shareholders. In an insolvency event shareholders would not have a claim against a specific amount in a specific account. Shareholders would claim against the client money pool in general. Pooled property in omnibus accounts held by the ACD may be used for the account of any of the relevant shareholders.

The ACD will not be responsible for any loss or damages suffered by shareholders because of any error or action taken or not taken by any third parties holding client money in accordance with the Client Money Rules, unless the loss arises because the ACD has been negligent or acted fraudulently or in bad faith.

However, if the Approved Bank or Banks cannot repay all the persons to whom it owes money, any shortfall may have to be shared proportionally between all its creditors including shareholders.

Transfer of business

Except in respect of de minimis sums transferred in accordance with the Client Money Rules (where shareholder consent is not required), shareholders agree that the ACD may transfer to another person, as part of a transfer of business to that person, client money balances, provided that:

a) the sums transferred will be held for the relevant shareholder by the person to whom they are transferred in accordance with the Client Money Rules; or

b) if not held in accordance with (a), the ACD will exercise all due skill, care and diligence in assessing whether the person to whom the client money is transferred will apply adequate measure to protect these sums.

For the purpose of this paragraph, de minimis shall mean £25 for retail investors and £100 for all other investors.

Unclaimed balances

In certain circumstances, if the ACD has lost touch with a shareholder and there has been no movement on the account (notwithstanding any payments or receipts of charges, interest or similar items), the ACD will be permitted to pay the shareholder's client money balance to charity after six years. At this point, the ACD shall cease to treat such money as client money. The ACD will not do so until reasonable efforts have been made to contact the shareholder in accordance with the Client Money Rules. The shareholder will still be entitled to recover this money from the ACD at a later date irrespective of whether the ACD has paid the money to charity.

GENERAL INFORMATION

What other information can I access?

The annual long report relating to the Company (including accounts) will normally be made available within four months of the annual accounting period ending 30 April. The half-yearly (interim) long report relating to the Company (including accounts) will normally be made available within two months of the interim accounting period ending 31 October. These reports are available on the ACD's website at www.fundrock.com/mi-funds/quilter-cheviot-investment-management/.

The annual and interim reports are also available to any person, free of charge, upon request via telephone or in writing to the ACD.

Best Execution

Our best execution policy sets out the basis upon which we will effect transactions and place orders in relation to the Company whilst complying with our regulatory obligations to obtain the best possible result for the Company. Details of the best execution policy are available from the ACD upon request.

Voting Strategy

The Fund's property may be associated with voting rights. We have a strategy which determines when and how to vote for the benefit of each Fund. A summary of this strategy is available from the ACD on request by telephoning 0345 521 1006. You can also obtain details of the actions taken while following the strategy for the Funds.

The Company's report and accounts and the Prospectus

Copies of the Prospectus and the latest annual and half-yearly long reports may be obtained free of charge, either before or after you invest, from the ACD's address quoted in the Directory on page 18. The Prospectus and the latest annual and half-yearly reports can also be downloaded from our website directly at www.fundrock.com/mi-funds/quilter-cheviot-investment-management/.

Cancellation

If an investor has not had a face-to-face discussion with a representative of the company through which they are making this investment, which could, for example, be the ACD or a company providing financial advice, then the investor is entering into this transaction 'at a distance'.

Where the investor is entering into a transaction 'at a distance', an investor does not have the right to cancel their application to invest in a Fund if the application has been made directly by the investor or if the investor did not meet their adviser or agent face-to-face. However, the ACD may, at its discretion, extend cancellation rights to such an investor but is under no obligation to do so.

If an investor has received face-to-face advice on their investment, they will have a right to change their mind. The investor will be able to exercise the right to cancel within 14 days of receipt of the cancellation notice from the ACD and they will receive a refund of the amount invested either in full or less a deduction to reflect any fall in the Fund's price in the intervening period.

Telephone calls and electronic communications

Telephone calls and electronic communications will be recorded. The ACD will keep a copy of telephone calls and electronic communications. A copy of the record is available from the ACD on request. The records will be kept for up to five years and where requested by the FCA, for up to seven years.

UK Money Laundering Regulations

In order to comply with the identification requirements of the UK Money Laundering Regulations, we may need to ask you to provide proof of your identity and address when buying or selling shares or to perform independent electronic searches of third-party databases.

How do I complain?
