

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 Dec 2025. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (**PDS**) for more information about the risks associated with investing in this fund.

What fees are investors charged?

Investors in the Trust Management ESG Australasian Share Fund are charged fund charges. In the year to 31 March 2025 these were:

	% of net asset value (inc. GST)
Total fund charges	0.57%
Which are made up of:	
Total manager and admin charges (inc. GST)	0.57%
Including:	
Manager's basic fee (inc. GST)	0.45%
Other management and administration charges	0.12%

Example of how this applies to an investor

Small differences in fees and charges can have a big impact on your investment over the long term.

Anthony had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Anthony incurred a loss after fund charges were deducted of \$101 (that is -1.01% of his initial \$10,000). This gives Anthony a loss after tax of \$115 for the year.
