Fund Information

The Fund will have its assets invested in accordance with the investment objective and policy as detailed below.

FP Mattioli Woods Defensive Fund (Not yet launched)

An equity sub-fund of FP Mattioli Woods Funds ICVC.

What is the Fund's investment objective and policy?

The investment objective of the Fund is to preserve capital and generate capital growth (the increase in value of investments) over an investment term in excess of five years and to generate income (money paid out by an investment, such as interest from a bond or a dividend from a share). It is not guaranteed that the Fund will achieve its objective of capital preservation.

Over a period of 5 years the Fund aims to deliver a return in excess of cash. Cash is measured as the Bank of England Base Rate for these purposes.

The Fund aims to achieve its objective by investing a minimum of 70% in collective investment schemes (including open ended investment companies, unit trusts, exchange-traded funds and closed ended investment companies) gaining exposure to global fixed income securities (such as bonds), global equity securities (such as shares), property securities, infrastructure securities and alternative asset classes.

The Fund will also have the ability to invest in shares, bonds (a loan, usually to a company or government, that pays interest), money market instruments (investments usually issued by banks or governments that are a short term loan to the issuer by the buyer), cash and near cash deposits at any time.

The Fund will not invest more than 25% in any single collective investment scheme.

The Investment Manager expects that the Fund will typically invest in the region of 20% in equities. This does not, however, operate to restrict the Fund's investment in equities and the Fund may at any time invest anywhere between 0-35% in equities.

The Fund can invest in other funds managed by the ACD or its associates.

The Fund may hold both investment grade and sub-investment grade bonds. Sub-investment grade bonds have a lower credit rating than investment grade bonds and carry a higher degree of risk.

Use may also be made of derivatives (investments whose value is linked to another investment, or the performance of a stock exchange or to some other variable factor, such as interest rates) for efficient portfolio management purposes. Efficient portfolio management is where the Fund is managed in a way that is designed to reduce risk or cost and/or generate extra income or growth. The use of derivatives is not intended to alter the risk profile of the Fund.

The asset allocation of the Fund will be constructed and managed in such a way as to ensure there is diversity (the holding of a variety of investments that typically perform differently from one another) within the Fund both by geography and investment sector, but with a bias to sterling assets that reflects the likely residency of most of the Fund's investors.

The Fund will have exposure to alternative asset classes (such as commodities, hedge funds, property and infrastructure).

The Fund is suitable for investors seeking a defensive risk approach who are looking for returns in excess of cash.

A defensive risk approach is a conservative strategy for investment with a focus on minimising the potential for capital loss whilst looking to provide modest growth.

FP Mattioli Woods Cautious Fund

An equity sub-fund of FP Mattioli Woods Funds ICVC.

What is the Fund's investment objective and policy?

The investment objective of the Fund is to preserve capital and generate capital growth (the increase in value of investments) over an investment term in excess of five years and to generate income (money paid out by an investment, such as interest from a bond or a dividend from a share). It is not guaranteed that the Fund will achieve its objective of capital preservation.

The Fund aims to achieve its objective by investing a minimum of 70% in collective investment schemes (including open ended investment companies, unit trusts, exchange-traded funds and closed ended investment

companies) gaining exposure to global fixed income securities (such as bonds), global equity securities (such as shares), property securities, infrastructure securities and alternative asset classes.

The Fund will also have the ability to invest in shares, bonds (a loan, usually to a company or government, that pays interest), money market instruments (investments usually issued by banks or governments that are a short term loan to the issuer by the buyer), cash and near cash deposits at any time.

The Fund will not invest more than 25% in any single collective investment scheme.

The Investment Manager expects that the Fund will typically invest in the region of 45% in equities. This does not, however, operate to restrict the Fund's investment in equities and the Fund may at any time invest anywhere between 0-60% in equities.

The Fund can invest in other funds managed by the ACD or its associates.

The Fund may hold both investment grade and sub-investment grade bonds. Sub-investment grade bonds have a lower credit rating than investment grade bonds and carry a higher degree of risk.

Use may also be made of derivatives (investments whose value is linked to another investment, or the performance of a stock exchange or to some other variable factor, such as interest rates) for efficient portfolio management purposes. Efficient portfolio management is where the Fund is managed in a way that is designed to reduce risk or cost and/or generate extra income or growth. The use of derivatives is not intended to alter the risk profile of the Fund.

The asset allocation of the Fund will be constructed and managed in such a way as to ensure there is diversity (the holding of a variety of investments that typically perform differently from one another) within the Fund both by geography and investment sector, but with a bias to sterling assets that reflects the likely residency of most of the Fund's investors.

The Fund will have exposure to alternative asset classes (such as commodities, hedge funds, property and infrastructure).

The Fund is suitable for investors seeking a cautious risk profile.

A cautious risk profile is intended for investors with a greater focus on growth than a conservative investor, but still holds a significant focus on minimising the potential for capital loss.

FP Mattioli Woods Balanced Fund

An equity sub-fund of FP Mattioli Woods Funds ICVC.

What is the Fund's investment objective and policy?

The investment objective of the Fund is to preserve capital and generate capital growth (the increase in value of investments) over an investment term in excess of five years and to generate income (money paid out by an investment, such as interest from a bond or a dividend from a share). It is not guaranteed that the Fund will achieve its objective of capital preservation.

The Fund aims to achieve its objective by investing a minimum of 70% in collective investment schemes (including open ended investment companies, unit trusts, exchange-traded funds and closed ended investment companies) gaining exposure to global fixed income securities (such as bonds), global equity securities (such as shares), property securities, infrastructure securities and alternative asset classes.

The Fund will also have the ability to invest in shares, bonds (a loan, usually to a company or government, that pays interest), money market instruments (investments usually issued by banks or governments that are a short term loan to the issuer by the buyer), cash and near cash deposits at any time.

The Fund will not invest more than 25% in any single collective investment scheme.

The Investment Manager expects that the Fund will typically invest in the region of 65% in equities. This does not, however, operate to restrict the Fund's investment in equities and the Fund may at any time invest anywhere between 0-85% in equities.

The Fund can invest in other funds managed by the ACD or its associates.

The Fund may hold both investment grade and sub-investment grade bonds. Sub-investment grade bonds

have a lower credit rating than investment grade bonds and carry a higher degree of risk.

Use may also be made of derivatives (investments whose value is linked to another investment, or the performance of a stock exchange or to some other variable factor, such as interest rates) for efficient portfolio management purposes. Efficient portfolio management is where the Fund is managed in a way that is designed to reduce risk or cost and/or generate extra income or growth. The use of derivatives is not intended to alter the risk profile of the Fund.

The asset allocation of the Fund will be constructed and managed in such a way as to ensure there is diversity (the holding of a variety of investments that typically perform differently from one another) within the Fund both by geography and investment sector, but with a bias to sterling assets that reflects the likely residency of most of the Fund's investors.

The Fund will have exposure to alternative asset classes (such as commodities, hedge funds, property and infrastructure).

The Fund is suitable for investors looking for a balanced investment approach.

A balanced investment approach is a traditional medium-risk, long-term strategy; this will typically be made up of a blend of asset classes and geographic regions. It is likely to offer suitable diversification to mitigate risk to a degree and offers a risk position intended to sit halfway between the much higher risk tolerance we class as adventurous and the lower end risk tolerance we class as defensive (the latter is also intended for much shorter term strategies).

FP Mattioli Woods Growth Fund

An equity sub-fund of FP Mattioli Woods Funds ICVC.

What is the Fund's investment objective and policy?

The Fund aims to achieve capital growth (the increase in value of investments) by the active management of a global multi-asset portfolio over an investment term in excess of 5 years.

The Fund aims to achieve its objective by investing a minimum of 70% in collective investment schemes (including open ended investment companies, unit trusts and exchange-traded funds and closed ended investment companies) gaining exposure to global fixed

income securities (such as bonds), global equity securities (such as shares), property securities, infrastructure securities and alternative asset classes.

The Fund will also have the ability to invest in shares, bonds (a loan, usually to a company or government that pays interest), money market instruments (investments usually issued by banks or governments that are a short term loan to the issuer by the buyer), cash and near cash deposits at any time.

The Fund will not invest more than 25% in any single collective investment scheme.

The Fund may invest up to 95% of the scheme property in higher risk investments providing potential for higher returns whilst accepting a greater capacity for loss, such as equities, indirect exposure to listed real estate, listed infrastructure and commodities.

The Investment Manager expects that the Fund will typically invest in the region of 80% in equities. This does not, however, operate to restrict the Fund's investment in equities and the Fund may at any time invest anywhere between 0-95% in equities.

The Fund can invest in other funds managed by the ACD or its associates.

The Fund may hold both investment grade and sub-investment grade bonds. Sub-investment grade bonds have a lower credit rating than investment grade bonds and carry a higher degree of risk.

Use may also be made of derivatives (investments whose value is linked to another investment, or the performance of a stock exchange or to some other variable factor, such as interest rates) for efficient portfolio management purposes. Efficient portfolio management is where the Fund is managed in a way that is designed to reduce risk or cost and/or generate extra income or growth. The use of derivatives is not intended to alter the risk profile of the Fund.

The asset allocation of the Fund will be constructed and managed in such a way as to ensure there is diversity (the holding of a variety of investments that typically perform differently from one another) within the Fund both by geography and investment sector, but with a bias to sterling assets that reflects the likely residency of most of the Fund's investors.

The Fund is suitable for investors seeking the potential for increased growth.

FP Mattioli Woods Adventurous Fund

An equity sub-fund of FP Mattioli Woods Funds ICVC.

The Fund is suitable for investors with a more adventurous risk appetite who are looking to maximise the potential for growth.

FP Mattioli Woods Property Securities Fund

An equity sub-fund of FP Mattioli Woods Funds ICVC.

What is the Fund's investment objective and policy?

The Fund will look to provide investors with a growing income (where money paid out (in terms of actual amounts (£) paid out per unit held) from the Fund increases on annualised basis) and some capital growth (the increase in value of the Fund) over a market cycle (a 7 year rolling period). Growing income will be the primary objective of the Fund and capital growth the secondary objective.

The Fund seeks to achieve its objective by investing a minimum of 75% in a diversified portfolio of real estate securities, comprising real estate investment trusts (REITs) and real estate operating companies (REOCs) which provide exposure to a broad range of sectors of the property market, including: industrial, offices, retail, healthcare, residential, student, logistics, storage and leisure.

The Fund may also invest in:

- bonds (loans, usually to a company or a government that pays interest),
- collective investment schemes,
- other transferable securities,
- money market instruments (investments usually issued by banks or governments that are a short term loan to the issuer by the buyer. The buyer receives interest and the return of the original amount at the end of a certain period),

- deposits,
- cash and near cash.

Other than cash and money market instruments all investments will have a clear connection with property.

The Fund will not invest more than 25% in any single collective investment scheme. The Fund can invest in other funds managed by the ACD or its associates.

FP Mattioli Woods Responsible Equity Fund

An equity sub-fund of FP Mattioli Woods Funds ICVC.

What is the Fund's investment objective and policy?

The investment objective of the Fund is to generate a combination of capital growth (the increase in value of investments) and income (money paid out by an investment, such as a dividend from a share or from a fund) over an investment term of 5 year rolling periods. Capital growth will be prioritised over income generation.

The Fund uses a global multi sector approach to achieve its objective. The Fund will invest, in UK listed companies (directly and indirectly) and global listed companies (indirectly). Indirect exposure will be achieved by investing between 60-90% of the Fund in thematic funds (such as specific sector themes for example, clean energy, nutrition, insurance or other general themes which are aligned with at least one of the UNSDG goals)) and global equity funds (where the manager can demonstrate alignment of holdings to UNSDGs). Fund investments will be made in a range of vehicles including, in each case, open-ended funds, exchange-traded funds and closed ended investment companies. The Fund will invest between 10-40% directly in UK listed companies and can hold up to 20% in cash.

The Fund will not invest more than 25% in any single collective investment scheme. The Fund can invest in other funds managed by the ACD or its associates.

The Investment Manager seeks to ensure that both direct and indirect investments (investments within collective investment schemes) address at least one of the UN Sustainable Development Goals ("UN SDGs"). The extent to which each holding addresses a UN SDG will be determined based upon qualitative and quantitative analysis. Qualitative analysis can be gained through company meetings and research, whilst quantitative from company reports and third parties.

Material improvement by companies towards UN SDGs is an important component of this analysis. Therefore, whilst the Fund will invest in companies that already operate in a responsible manner according to one or more of the UN SDGs, the Fund will also invest in companies which may not currently do so, but which (according to the Investment Manager's documented

analysis) are making material improvements in their business practices towards meeting at least one of the UN SDGs.

The Investment Manager will regularly monitor the companies in which the Fund invests against the above criteria and if the company no longer meets the UN SDGs or is no longer making improvements towards the UN SDGs, the Investment Manager will withdraw its investment in that company.

Assessment of the credentials of underlying fund managers, from the perspective of 'responsibly', is conducted through two main approaches. The first is through the Investment Manager's proprietary 'ESGi Framework', a rating system developed by the Investment Manager that is based on meetings and a questionnaire sent to asset managers. This enables the Investment Manager to better understand the extent to which ESG risks are considered within underlying funds. The Investment Manager believes that the MW Proprietary system is better than relying on an external ratings system as opinion can differ widely between different providers on companies or funds. The second is through seeking to identify the manager's understanding of and alignment with the UN SDGs. The managers also seek to identify managers that can demonstrate an alignment to the UN SDGs through their holdings.

Whilst the Investment Manager does not formally operate negative screening criteria, it is unlikely that companies will be held in certain sectors such as tobacco, gambling, coal or oil and gas unless either their interest were under 10% of revenue, or no new capital was being allocated to these areas as the company transforms itself away from these activities.

What is the profile of the typical investor the Funds are designed for?

The Funds are suitable for investors who wish to have the investment exposure as set out in the Fund's objective and policy and is comfortable taking on the general and specific risks as set out in the section "Risk Factors".

The Funds are marketable to both retail and institutional investors. Class E Shares are intended for use by retail and institutional investors with Class B, C and D Shares intended for use by discretionary management clients of the Investment Manager. However, at the absolute discretion of the ACD other investors may be permitted to invest into the B, C and D share classes.

If a discretionary management relationship is terminated by either a Shareholder or the Investment Manager then that Shareholder's holding of Class B, C or D Shares, as

applicable, can be automatically transferred into Class E Shares without the requirement for Shareholder approval.

How do I buy/sell my investment?

General

The dealing office of the Administrator is normally open from 9am to 5pm (UK time) on each Dealing Day to receive postal requests for the purchase, sale, Conversion and Switching of shares. The Administrator may vary these times with the consent of the ACD. Requests to deal in shares may also be made by telephone on 0330 123 3720 each Dealing Day (at the ACD's discretion) between 9am and 5pm (UK time) or through such other number as published from time to time. The initial investment must, at the discretion of the ACD, be accompanied by an application form.

Buying shares

Shares may be bought directly from the ACD via the Administrator or through a professional adviser or other intermediary. Where permitted by the rules in the FCA Handbook, an intermediary who recommends an investment in the Company to Shareholders may be entitled to receive commission from the ACD, which may include ongoing commission based on the value of shares held by a Shareholder. For details of dealing charges see the Prospectus for further details. Application forms may be obtained from the ACD.

Investors wishing to purchase Gross shares, where available, must complete a Declaration of Eligibility and Undertaking, which may be obtained from the ACD.

Valid applications to purchase shares in the Fund received before 12pm on any business day (the "Valuation Point") will be processed at the share price calculated, based on the Net Asset Value per share, at the next Valuation Point following receipt of the application, except in the case where dealing in the Fund has been suspended.

A confirmation giving details of the number and price of shares bought will be issued no later than the end of the business day following the later of receipt of the application to buy shares and the Valuation Point by reference to which the price is determined, together with, where appropriate, a notice of the applicant's right to cancel.

Where an agent/IFA is involved in a transaction, in all cases except where the investor has the right to cancel (Cancellation Rights), all copies of a contract note are sent to the agent/IFA. It is the responsibility of the agent/IFA to ensure that its client receives a copy of the

contract note. Where Cancellation Rights apply, the Client Copy of the contract note and Cancellation Notice will be sent directly to the investor, with the Agent Copy going to the agent/IFA.

Selling shares

Investors are entitled on any Dealing Day to redeem their shares.

Valid instructions to the ACD to redeem shares in the Fund received before 12pm on any business day (the "Valuation Point") will be processed at the share price calculated, based on the Net Asset Value per share of the Fund, at the next Valuation Point following receipt of the redemption instruction, except in the case where dealing in the Fund has been suspended.

A redemption instruction in respect of shares in writing or by telephone or any other communication media made available is a legally binding contract. However, an instruction to the ACD to redeem shares, although irrevocable, may not be settled by either the Company or the ACD if the redemption represents shares where the money due in respect of an earlier purchase of those shares has not yet been received or if insufficient documentation or anti-money laundering information has been received by the ACD.

A confirmation giving details of the number and price of shares redeemed will be sent to the redeeming Shareholder (or the first named Shareholder, in the case of joint Shareholders) together with (if sufficient written instructions have not already been given) a form of renunciation for completion and execution by the Shareholder (or, in the case of a joint holding, by all the joint Shareholders) no later than the end of the business day following the later of the request to redeem shares or the valuation point by reference to which the price is determined.

Where an agent/IFA is involved in a transaction, in all cases except where the investor has the right to cancel (Cancellation Rights), all copies of a contract note are sent to the agent/IFA. It is the responsibility of the agent/IFA to ensure that its client receives a copy of the contract note. Where Cancellation Rights apply, the Client Copy of the contract note and Cancellation Notice will be sent directly to the investor, with the Agent Copy going to the agent/IFA.

Payment of redemption proceeds will normally be made by cheque to the first named Shareholder (at their risk), or, at the ACD's discretion, via bank transfer in

accordance with any instruction received (the ACD may recover any bank charge levied on such transfers). Instructions to make payments to third parties (other than intermediaries associated with the redemption) will not normally be accepted.

Such payment will be made within four business days of the later of (a) receipt by the ACD of the form of renunciation (or other sufficient written instructions) duly signed and completed by all the relevant Shareholders together with any other documentation and appropriate evidence of title and any required anti-money laundering related documentation; and (b) the Valuation Point following receipt by the ACD of the request to redeem.

Can I Convert my shares for another share Class in the same Fund?

Subject to any restrictions on the eligibility of investors for a particular share class, an investor may at anytime Convert all or some of his shares ("Original shares") of one Class in a Fund for shares in another Class ("New shares") in the same Fund. There is no charge for Converting between share Classes.

Investors wishing to convert into gross shares (if they are available) must first complete a Declaration of the Eligibility and Undertaking, which may be obtained from the ACD.

Can I Switch between the different Companies and Funds operated by the ACD?

Subject to any restrictions on the eligibility of investors for a particular Company, Fund or share class, a Shareholder may at any time Switch all or some of his shares ("the Original shares") for shares of another Company or Fund ("the New shares") operated by the ACD. The ACD may at its discretion make a charge on the switching of shares between Companies and Funds. Any such charge on switching does not constitute a separate charge payable by a Shareholder, but is rather the application of any redemption charge on the Original shares and any initial charge on the new shares, subject to certain waivers. A Switch of shares in one Company or Fund for shares of any Class in any other Company or Fund is treated as a redemption and purchase of new shares and will, for persons subject to taxation, be a realisation for the purposes of capital gains tax.

Investors wishing to switch into gross shares (if they are available) must first complete a Declaration of the Eligibility and Undertaking which may be obtained from the ACD.

When will my investment be made?

Where an application or telephone instruction is received before the Valuation Point on any business day, the investment will normally be made at that Valuation Point. Instructions received after the Valuation Point will be carried over to the next business day's Valuation Point.

How can I keep track of the price of the Fund?

The previous day's dealing prices of shares in the Fund are available at www.fundlistings.com. The prices of shares may also be obtained by calling the ACD on 0330 123 3720 during the ACD's normal business hours.

As the Fund deals on a forward pricing basis, the prices that appear in these sources will not be the same as those at which investors can currently deal.

Table of Accumulation and Distribution Dates

The ACD may also, at its sole discretion, decide to publish certain share prices on third party websites or publications but the ACD does not accept responsibility for the accuracy of the prices published in, or for the non-publication of prices in, these sources for reasons beyond the control of the ACD.

When are distributions of income made?

Where available, income will be distributed to holders of Income shares who will receive a Distribution Statement giving details of the amount distributed during the relevant period.

Holders of Accumulation shares will be sent an Accumulation Statement giving details of the amount accumulated during the relevant period. Income will be accumulated in the price of Accumulation shares and the share price will be increased to reflect this.

Table of Accumulation Dates

Fund	Final Accounting Date	Interim Accounting Date	Ex-dividend Date	Income Accumulation Date
FP Mattioli Woods: Defensive; Cautious; Balanced; Growth; Adventurous; Property Securities; and Responsible Equity Funds	31 July	31 January	1 August	30 November

Charges & Expenses

What fees and expenses apply to a Fund's shares?

Fees paid directly by you:

- Initial Charge: Nil
- Switch Charge: Nil
- Redemption Charge: Nil

Fees paid out of a Fund's assets:

- Annual Management Charge (see table below)

Share Class and Type	AMC
Class B Shares	0.40%
Class C Shares	0.15%
Class D Shares	0.90%
Class E Shares	1.25%
Class M Shares	0.10%

- Other fees and expenses related to the management and administration of the Fund for which the ACD is permitted to be reimbursed as detailed in the Prospectus (see section 7 "Fees and Expenses").

How much will any advice cost?

Should you decide to take advice about the Fund your adviser will give you details about the cost. The amount will depend on the size of your investment and, in the case of regular savings, the period for which you make them.

How will charges and expenses affect my investment?

Shares in a Fund are purchased and sold at the Fund's share price based on its net asset value. Any initial charge paid as detailed above is deducted from an investor's subscription monies before shares are purchased. All fees and expenses for the Fund will be deducted from its income.

Further details concerning charges and expenses may be found on the NURS KIID and in the Prospectus.

Do you apply a dilution adjustment?

The actual cost of purchasing, selling or switching assets and investments in the Funds may deviate from the mid-market value used in calculating its share price, due to dealing charges, taxes, and any spread between buying and selling prices of that Fund's underlying investments. These costs could have an adverse effect on the value of the Funds, known as "dilution". In order to mitigate the effect of dilution the FCA Regulations which govern the Funds allow the ACD to adjust the sale and purchase price of shares in the Funds to take into account the possible effects of dilution. This practise is known as making a "dilution adjustment" or operating swinging single pricing. The power to make a dilution adjustment may only be exercised for the purpose of reducing dilution in the Funds.

The price of each Class of share in each Fund will be calculated separately but any dilution adjustment will in percentage terms affect the price of shares of each Class identically.

The ACD reserves the right to make a dilution adjustment every day. The dilution adjustment is calculated using the estimated dealing costs of a Fund's underlying investments and taking into consideration any dealing spreads, commission and transfer taxes. The need to make a dilution adjustment will depend on the difference between the value of shares being acquired and the value of shares being redeemed as a proportion of the total value of that Fund. The measurement period will

typically be a single day but, where a trend develops so that for a number of days in a row there is a surplus of acquisitions or redemptions on each and every day, the aggregate effect of such acquisitions or redemptions as a proportion of the total relevant Fund value will be considered.

Where a Fund is experiencing net acquisitions of its shares the dilution adjustment would increase the price of shares above their mid-market value. Where a Fund is experiencing net redemptions the dilution adjustment would decrease the price of shares to below their mid-market value.

It is the ACD's policy to reserve the right to impose a dilution adjustment on purchases, sales and switches of shares of whatever size and whenever made. In the event that a dilution adjustment is made it will be applied to all transactions in a Fund during the relevant measurement period and all transactions during the relevant measurement period will be dealt on the same price inclusive of the dilution adjustment.

The ACD's decision on whether or not to make this adjustment, and at what level this adjustment might be made in a particular case or generally, will not prevent it from making a different decision on future similar transactions.

On the occasions when a dilution adjustment is not applied, if a Fund is experiencing net acquisitions of shares or net redemptions, there may be an adverse impact on the assets of that Fund attributable to each underlying share, although the ACD does not consider this to be likely to be material in relation to the potential future growth in value of a share. As dilution is directly related to the inflows and outflows of monies from a Fund it is not possible to accurately predict whether dilution will occur at any future point in time. Consequently it is also not possible to accurately predict how frequently the ACD will need to make a dilution adjustment.

The dilution adjustment will be applied to the mid-price for shares resulting in a figure calculated up to six decimal places. The final digit in this figure will then be rounded either up or down in accordance with standard mathematical principles resulting in the final price for the shares.

It is envisaged (based on future projections) that a dilution adjustment will be applied from time to time.

The dilution adjustment for any one Fund may vary over time because the dilution adjustment for each Fund will be calculated by reference to the costs of dealing in the underlying investments of that Fund, including any dealing spreads, and these can vary with market conditions. A typical dilution adjustment may range from 0.2% to 0.8% when buying or selling shares. Full details on this policy are available in the Prospectus.

Economic Information

What about tax?

The information below is a general guide based on current United Kingdom law and HM Revenue and Customs practice, which are subject to change. It summarises the tax position of the Fund and of investors who are United Kingdom residents and who hold shares as investments. Prospective investors who are in any doubt about their tax position, or who may be subject to tax in a jurisdiction other than the United Kingdom, are recommended to take professional advice.

How are the Funds themselves treated for tax purposes?

The Funds are generally exempt from United Kingdom tax on its capital gains.

Dividends from both United Kingdom and non-United Kingdom companies are received by the Funds with a tax credit and no further tax is payable by the Fund on that income. The Fund will be subject to corporation tax at 20% on most other types of income but only after deducting allowable management expenses and the gross amount of any interest distributions. Where a Fund suffers foreign tax on income received, this will normally be treated as an expense or deducted from any United Kingdom tax due payable on that income.

How does tax affect an investor?

All our Funds are "Equity" Funds.

Income from "Equity" Funds

Funds which are so called "Equity" Funds for the purposes of tax will normally pay any distributable income as dividend distributions, (which will be automatically retained in the case of accumulation shares). Dividends paid to individual shareholders resident in the United Kingdom for tax purposes will

be paid gross and individual UK resident holders will have an annual tax free allowance to dividend income of £5,000 per annum. For dividend income received above £5,000, the current tiers and rates of tax (as at 6th April 2016 and subject to change) are as follows and will be based upon an individual's level of income:

Basic Rate Taxpayers - 7.5% (basic rate)
Higher Rate Taxpayers - 32.5%
Additional Rate Taxpayers - 38.1%

Individuals should note that if the receipt of dividend income takes them from one band/tier of UK personal taxation to another, the tax due on the excess dividend income over the annual allowance will be at the rates applicable to the new band/tier.

Corporate Shareholders who receive dividend distributions may have to divide them into two (in which case the division will be indicated on the reverse of the tax voucher). Any part representing dividends received will be treated as dividend income (that is, franked investment income) and no further tax will be due on it. The remainder will be received as an annual payment after deduction of income tax at the basic rate, and corporate Shareholders may, depending on their circumstances, be liable to tax on the grossed up amount, with the benefit of the 20% income tax credit attached or to reclaim part of the tax credit as shown on the tax voucher.

Dividend distributions will be made gross to Shareholders who are not UK resident. Non-resident Shareholders who are individuals are not liable to UK income tax on the dividend distribution. Non-UK resident Shareholders are recommended to seek professional advice as to the tax consequences of receiving a dividend distribution under the law of the jurisdiction of their residence.

Non-resident trusts may be chargeable to UK income tax on distributions made by the Company and are recommended to seek professional advice.

Gains

Investors who are resident in the United Kingdom for tax purposes may, depending on their personal circumstances, be liable to capital gains tax or, if a corporate investor, corporation tax on gains arising from the redemption, transfer or other disposal of

shares (but not usually on Conversions between classes within a Company or Fund).

Part of any increase in value of accumulation shares represents the accumulation of income (including income equalisation but excluding tax credit). These amounts may be added to the acquisition cost when calculating the capital gain realised on their disposal.

Client Money

In certain circumstances (including in relation to the purchase and redemption of Shares), your money will be transferred to a client money bank account with an Approved Bank that the ACD may from time to time select until such transactions can be completed. Money transferred to a client money account will be held in accordance with the FCA Client Money Rules relating to the holding of money.

The purpose of utilising client money accounts is to protect shareholders should the ACD become insolvent during such a period. All client money bank accounts are non-interest bearing and therefore no interest is due or payable.

Client money may be held with an Approved Bank outside the UK or the European Economic Area (EEA). In such case, the relevant accounts will be subject to the laws of that state and the client money may be treated in a different manner from that which would apply if the client money were held by a party located in the UK or the EEA.

Where client money is deposited into an account with an Approved Bank, the Approved Bank may have a security interest or lien over, or right of set-off in relation to such money, to the extent the ACD is permitted to grant such rights by the Client Money Rules.

The ACD may hold client money in an omnibus account which means that the Shareholder's money may be held in the same account as that of other Shareholders. In an insolvency event Shareholders would not have a claim against a specific amount in a specific account. Shareholders would make their claim against the client money pool in general. Pooled property in omnibus accounts held by us may be used for the account of any of the relevant Shareholders.

The ACD will not be responsible for any loss or damages suffered by Shareholders because of any error or action taken or not taken by any third parties holding client money in accordance with the Client Money Rules, unless the loss arises because we have been negligent or acted fraudulently or in bad faith.

15

However, if the Approved Bank or Banks cannot repay all the persons to whom it owes money, any shortfall may have to be shared proportionally between all its creditors including the Shareholders.

Transfer of Business

Except in respect of de minimis sums transferred in accordance with the Client Money Rules (where Shareholders' consent is not required), Shareholders agree that the ACD may transfer to another person, as part of a transfer of business to that person, client money balances, provided that:

- a) the sums transferred will be held for the Shareholders by the person to whom they are transferred in accordance with the Client Money Rules; or
- b) if not held in accordance with (a), the ACD will exercise all due skill, care and diligence in assessing whether the person to whom the client money is transferred will apply adequate measures to protect these sums.

For the purpose of this clause, de minimis shall mean £25 for retail investors and £100 for all other investors.

Unclaimed Balances

In certain circumstances, if the ACD has lost touch with a Shareholder and there has been no movement on the account (notwithstanding any payments or receipts of charges, interest or similar items), the ACD will be permitted to pay the Shareholder's client money balance to charity after six years. At this point, the ACD shall cease to treat such money as client money. The ACD will not do so until reasonable efforts have been made to contact the Shareholder in accordance with the Client Money Rules. The Shareholder will still be entitled to recover this money from the ACD at a later date irrespective of whether the ACD has paid the money to charity.

Delivery versus payment exemption

The ACD is required to comply with the FCA's client money rules, as set out in Chapter 7 of the FCA's Client Assets sourcebook (CASS) (the 'Client Money Rules').

Making use of the DVP exemption available under the Client Money Rules when handling money for you in connection with the buying or selling of shares in our funds. Under the DVP exemption your money need not be treated by us as client money for the purposes of the Client Money Rules in the following two scenarios:

- (1) where money is received from you that relates to your subscription to Shares in one of our funds; and
- (2) where money is held by the ACD that relates to the redemption of your Shares in one of our funds. While operating under the DVP exemption, your money will not be subject to the protections conferred by the Client Money Rules and, if the ACD was to fail, the FCA's client money distribution rules as set out in Chapter 7A of CASS (the 'Client Money Distribution Rules') will not apply to these sums and you will not be entitled to share in any distribution under the Client Money Distribution Rules in respect of these sums.

Where the ACD has not paid any money belonging to you to the Depositary or to you, as the case may be, by close of business on the business day following receipt, the ACD will stop operating under the DVP exemption for that transaction and will treat the relevant sum of money as client money for the purposes of the Client Money Rules.

Any redemption proceeds paid to you by cheque will be held as client money under the Client Money Rules until such time as the cheque is presented.

You will be required to provide your written agreement to the use of the DVP exemption as set out above as part of your application to buy Shares in one of our funds through the ACD. Should the ACD cease at any time to make use of the DVP exemption, you will be notified in advance in writing.

In this situation an investor does not have a right to cancel this investment unless the ACD decides to extend such a right to them. An investor who has bought shares at a distance can still sell those shares, as they are able to do at any time. However, they cannot recover any initial charges incurred in the purchase of the shares.

The Prospectus contains all of the information required for an investment made directly through the ACD. Where shares are purchased through an agent, investors should ask that agent for details of their identity, geographical address and the capacity in which they are acting.

The main service we provide to investors is the management and administration of the Company. Details of all fees and expenses associated with the provision of this service are provided in this document. There are no additional costs levied by the ACD for investing at a distance, but there may be other taxes or third party costs that may apply to investors depending on their personal circumstances. purchasing shares, the investor agrees that the Courts of England have exclusive jurisdiction to settle any disputes. All communications in connection with this investment will be in the English language.

Any information in this document is valid only at the date of publication which is stated on the front cover. All such information can change at any time and it will not necessarily be possible for us to notify you of any such changes in advance. Please contact the ACD for updates on any of the enclosed information.

Cancellation

An investor does not have the right to cancel their application to invest in a Fund if the application has been made directly by the investor or if the investor did not meet their adviser or agent face to face though the ACD may, at its discretion, extend cancellation rights to such an investor.

If an investor has received face to face advice on the investment they will have a right to change their mind under rules made by the FCA under the Financial Services and Markets Act 2000. The investor will be able to exercise the right to cancel within 14 days of receipt of the cancellation notice from the ACD and they will receive a refund of the amount invested either in full or less a deduction to reflect any fall in the Fund's price in the intervening period.

Telephone calls and electronic

communications Telephone calls and electronic communications will be recorded. The ACD will keep a copy of telephone calls and electronic communications. A copy of the record is available from the ACD on request. The records will be kept for up to five years and where requested by the FCA, for up to seven years.

The minimum sum that may be invested through the monthly savings plan is £100 per month. Collection date for regular savings is the 10th of the month or the next business day if the 10th falls on a non-business day.

5.2 New subscriptions or transfer proceeds will be invested in the relevant Fund at the next buying price applicable at the time of acceptance of the application.

5.3 An Account will be opened for the current tax year and, in the case of an Account subscribed by monthly savings plan, for each successive year until the agreement is terminated.

6. Management of the ISA Investments

6.1 We will manage your Account as directed by you in your application or other instruction, and in accordance with the Regulations and these Terms and Conditions.

6.2 Best execution

6.2.1 We are required to seek to achieve the best possible result for you when dealing with any order to buy or sell financial instruments and to set out arrangements for this purpose in a "best execution policy".

6.2.2 We are required to consider various factors when deciding how best to deal with orders from customers. These include price, cost, speed, likelihood of execution and settlement, size, nature and other relevant matters. As we have classified you as a Retail Client we will usually consider price to be the most important factor for you.

6.2.3 However, for orders relating to shares in the Funds, the only method available for dealing with most of these in practice is to transmit them to the ACD for execution: the ACD will be deemed to be the "execution venue" for these purposes. Where there is only one execution venue that we can use in practice to deal with your orders, we will have to use that venue regardless of the impact of the execution factors listed above.

6.2.4 Sometimes one of the Funds may be available via another trading platform provided by a third party. Strictly speaking, this could be an alternative execution

venue. However, we do not use such platforms for the Funds, as we do not believe that we would obtain a better price by doing so. The use of a particular platform may also not be permissible under the Regulations; for example, if it means that investments acquired through the platform must be held in the name of a nominee of the platform provider.

6.2.5 The arrangements explained above may involve execution outside of a regulated market or multilateral trading facility (within the meaning of the Rules).

6.2.6 We will monitor the effectiveness of the arrangements mentioned above and implement any necessary changes to our best execution policy from time to time. This will involve reviewing whether using other means to route orders would be feasible and would generate a better result for you. We will notify you of any material changes to our best execution policy and arrangements made from time to time, where they are relevant to you.

6.2.7 Please note, any specific instructions from our customers as to how their orders are dealt with may prevent us from taking the steps that we have designed to obtain the best possible result in the circumstances. By agreeing to these Terms and Conditions, you will be giving: your prior express consent to the execution of orders outside a “regulated market” or a “multilateral trading facility” (as those terms are defined in the Rules) where this is appropriate; and your consent to our best execution policy as summarised above.

6.3 Appropriateness

We are not required to assess the suitability of the investment or service provided or offered to you and, as a result, you will not benefit from the protection of the Rules on assessing suitability. Therefore, we will not assess whether: the investment or service meets your investment objectives; you are able financially to bear the risk of any loss that the investment or service may cause; or you have the necessary knowledge and experience to understand the risks involved.

6.4 Legal title to the Investments will be vested in the name of the Manager but beneficial ownership will be, and will remain with the Investor. Your investment will not be lent to third parties or used as security for a loan.

6.5 Certificates will not be issued in respect of shareholdings in the Fund(s) but any documents evidencing title to an ISA Investment will be held by the Manager or as the Manager may direct.

6.6 If you hold any cash in your Account, we will deposit it in a client money account in our name, with an appropriately regulated bank or institution of our choice in the United Kingdom in accordance with our

obligations under the Rules. The bank will hold the cash on our behalf in a trust account separate to any account used to hold money belonging to us in our own right. We will not be responsible for any acts or omissions of the bank. In the event that the bank becomes insolvent we will have a claim on behalf of our customers against the bank. If, however, the bank cannot repay all of its creditors, any shortfall may have to be shared pro rata between them. No interest will be paid on such cash in accordance with the Regulations and the Rules. If we are holding cash, whether client money or not, we may withdraw it and apply it towards paying fees, charges and other sums due to us.

6.7 The Manager may employ agents in connection with the services it is to provide and may delegate all or any of its powers or duties to any delegate or delegates of its choice. The Manager will satisfy itself that any person to whom it may delegate any of its functions or responsibilities under these Terms and Conditions is competent to carry out these functions or responsibilities.

6.8 The Manager has appointed SS&C Financial Services Europe Limited as the Administrator to the Accounts.

6.9 Money will not be borrowed on the Investor's behalf. The Investor will not be committed to underwrite any issue or offer for sale of securities.

7. Charges and Expenses

7.1 No charges will be levied for the management or administration of the ISA. However, the investment of new subscriptions and transfer payments will attract the normal charges applicable to investors in the Fund. (For further detail please refer to the Prospectus).

7.2 There is currently no initial charge based on the Net Asset Value for purchases of shares in the Fund(s). However there is a percentage periodic charge per annum of the Net Asset Value of each Fund. These charges are detailed in the Prospectus. These charges may only be increased in accordance with the Rules and you will be notified accordingly.

7.3 In the case of transfers, we reserve the right to pass on to you any expenses or costs incurred when transferring Accounts between account managers or transferring your Investments, including any VAT due on these charges. We may review our charges when we consider it appropriate and will notify you 60 calendar days in advance of any increase in our charges.

7.4 If you do not have enough cash in your Account to pay our charges, or any payment of taxes, as they become due, we may sell shares in your Account to raise the required amount. We may apply or waive any

of our charges at our absolute discretion.

7.5 If you open an Account through an independent financial adviser, where permitted by the Rules, we may pay initial and renewal commission to the adviser at our discretion. These commissions are paid by us out of our charges and do not constitute additional charges to your Account.

7.6 Please note that other costs, including taxes, may arise that are not paid by the Manager or imposed by it.

8. Withdrawals from your Account

8.1 An Investor may, by giving written notice to the Manager, make cash withdrawals of all or part of their Account at any time. On receipt of the Investor's written instructions to make a withdrawal and within such time as stipulated by the Investor in those withdrawal instructions (subject to any reasonable business period not exceeding 30 days, which we require for the practical implementation of the instructions) part of the Account shall be paid to the Investor. If an Investor withdraws all of his Investment his Account will be automatically terminated. This notice of withdrawal should be sent to the Administrator at the operating address given in the Prospectus.

8.2 Normally, shares in the Fund(s) will be sold at the next selling price prevailing at the time of receipt of the written notice by the ACD's Administrator, and the proceeds thereof will be dispatched within four business days following receipt of satisfactory renunciation.

9. Income from your Account

9.1 If you ask us to pay out your Fund income to you, we will buy income shares, if they are available, in the Fund(s) of your choice. If you ask us to reinvest your Fund income we will buy accumulation shares. Please refer to the Prospectus to confirm the availability of income shares and accumulation shares in your chosen Fund.

9.2 If you change your income instructions we will automatically convert or switch your Fund investments to the appropriate type of share if they are available (that is, income or accumulation shares) free of any sales charge.

9.3 We will reinvest any further income your Account receives in the form of distributions, or other rights or proceeds from any shares held, in the same underlying shares, where you still hold these shares, unless you instruct us to pay this out to you. Where you have switched the underlying shares into shares in other Funds the reinvestment will be made into these other shares. Where you no longer hold the underlying shares

within your Account, the income will be paid out to you.

10. Transfers and Termination

10.1 On your written request we will, within such time as stipulated by you in those instructions (subject to any reasonable business period not exceeding 30 days, which we require for the practical implementation of the instructions) arrange for the transfer of the ISA (or part thereof) to another approved manager and where possible within such time stipulated by you and subject to the Regulations. However, we cannot guarantee that the transfer will take place on the date requested.

10.2 The Manager may, following 30 days' prior written notice, transfer its responsibilities as manager of the ISA to any entity (including an associate of the Manager) which is approved under the Regulations as a plan manager, if that other entity writes to the Investor and undertakes to carry out all the Manager's duties and obligations in respect of an Account. Following such communication, the Manager will be released from all those duties and obligations that the new manager has undertaken to carry out. Before such a transfer is carried out, the Manager shall satisfy itself that any new manager is competent to carry out those functions and duties to be delegated or transferred.

10.3 The Manager will consider requests in writing to accept the transfer of an ISA held with another approved manager but will require the transfer to be effected in cash.

10.4 The Investor may terminate the ISA immediately by giving the Manager prior written notice. Such termination shall not prejudice the completion of any transaction commenced prior thereto. The Terms and Conditions shall continue to apply until all outstanding transactions and liabilities have been performed and discharged.

10.5 The Investor may in the termination notice (referred to in clause 10.3) elect to transfer all or part of the Investments to the main share register and such shares shall henceforth be registered in the sole name of the Investor. On written notice to terminate the Account, and within such time as stipulated by the Investor in those termination instructions (subject to any reasonable business period not exceeding 30 days, which we require for the practical implementation of the instructions), Account interest and dividend rights or other proceeds or any cash shall be transferred to you. We will send you any proceeds due, less any applicable charges.

Where all or part of the Investments are not transferred, they will be sold at the prevailing forward selling price at the time of receipt of the notice and the Manager shall account to the Investor for the proceeds.

10.6 Proceeds may be paid by cheque or, at your request, electronically; if the latter method is chosen we reserve the right to retain redemption proceeds until all anti-money laundering documentation has been received. Such redemption proceeds will be held on a client money account: no interest will be payable.

10.7 The Account may be terminated by the Manager, at its sole discretion and without giving any reason, by giving the Investor 90 days' written notice. In such circumstances you will have the right to transfer the Account to another plan manager or to receive the investments or their cash value at the relevant time. There is a potential loss of income and growth following a rise in the markets whilst the ISA transfer remains pending.

10.8 The Manager may deduct from the amount of any payment or transfer of Investments an amount to satisfy any sums due to him under these Terms and Conditions and tax liabilities of the Investor (or his personal representatives) for which the Manager is accountable.

11 Death

11.1 Investments cease to be tax-exempt with effect from the date of death of the Investor and the ISA will therefore be terminated immediately upon receipt of a copy of the death certificate.

11.2 The Investments will be transferred, outside the ISA, to the order of the Investor's personal representatives pending receipt of grant of probate and their further instructions. Notwithstanding the termination of the ISA status, the Manager's rights and powers under these Terms and Conditions shall continue and shall bind the Investor's personal representatives.

11.3 Where an ISA holder has died on, or after, 3rd December 2014, their surviving spouse or civil partner can now inherit their ISA tax benefits. The surviving spouse/civil partner will be eligible for an additional allowance equal to the value of the ISA on the date of the holder's death. This Additional Permitted Subscription (APS) is in addition to the surviving spouse/civil partner's usual ISA allowance. Details about how to claim the APS will be sent to the executor(s) along with the required application forms.

12 Reports and Shareholders' Meetings

12.1 The Manager shall send the Investor regular bi-annual statements showing the number of shares held, a valuation of those shares and details of all transactions for the period. The OEIC's Long Form Report and Financial Statements can be viewed at www.fundrock.com and may also be requested free of charge from the ACD.

12.2 Voting rights attached to Investments will not be exercised by the Manager but arrangements will be made by the Manager for the Investor, if he or she so wishes, to attend Shareholders' meetings, to vote and to receive any other relevant information issued to Shareholders in addition to the annual or interim reports in respect of the Funds.

13 Cancellation Rights

13.1 When your application has been accepted the Manager shall send to you a cancellation notice, as required by the Rules. In order to exercise the right of cancellation, the notice must be returned to the Manager within 14 days of its receipt. In such an event, the Investor will receive back his or her subscription, unless the value of the investment has fallen at the date of the Manager's receipt of the notice. In this case a deduction will be made of the amount by which the value of the investment has fallen.

14 Complaints

14.1 The Manager operates a written complaints procedure in accordance with the Rules and a copy of this can be found on the Sponsor specific page of the ACD's website at www.fundrock.com or can be obtained by writing to the Complaints Manager at the address given below. Any complaint should in the first instance be addressed to the Complaints Manager at: FundRock Partners Limited Bastion House, 6th floor, 140 London Wall, London, EC2Y 5DN. If the matter is not resolved to the Investor's satisfaction, the Investor subsequently has the right to complain to the Financial Ombudsman Service at Exchange Tower, Harbour Exchange Square, London E14 9SR.

15 Compensation

15.1 In the event that the ACD is not able to meet its financial liabilities to the Investor, the Investor may be entitled to compensation under the Financial Services Compensation Scheme established under the Financial Services and Markets Act 2000. Compensation awarded under the Financial Services Compensation

Scheme is subject to a maximum level of £85,000.. This level of compensation is set out by the UK Government and can change.

16 Liability and Rights of the Manager

16.1 We will not be liable to you for any costs, claims, demands, losses, expenses or any other liabilities whatsoever (including any demands or claims by HM Revenue & Customs) as a result of any loss of opportunity to increase the value of any of your Investments, or any depreciation in the value of any of your Investments other than as a result of our negligence, fraud, willful default or breach of the Rules.

16.2 We will not be liable for acts or omissions by us or any third party, whether or not that third party is acting as our agent, unless it arises as a result of our negligence, fraud, willful default or breach of the Rules. We currently have insurance cover for loss of Account investments including loss resulting from misappropriation, negligence, fraud or dishonesty by our employees.

16.3 We will not be liable for any loss or damage suffered as a result of circumstances beyond our reasonable control, provided where relevant that we have complied with the Rules on business continuity. We will not be liable for any negligence, fraud or default by any bank or custodians who hold cash or assets in or on behalf of your Account or any other person, firm or company through or with whom transactions are effected on your behalf.

16.4 The Manager may, without prior notice to the Investor, apply any cash or realise any Investments in payment of any taxes, fees, commissions and/or expenses owed by the Investor to the Manager. In the event that such liabilities remain unsatisfied after such action, the Investor shall on demand promptly pay the Manager any shortfall.

16.5 The Investor shall indemnify the Manager in full in respect of any liabilities, taxes, costs, charges and expenses incurred in connection with the ISA.

16.6 To the extent permitted by the Regulations, the Manager may make claims, conduct appeals and agree on the Investor's behalf liabilities for, and any relief from, tax in respect of the ISA.

16.7 Nothing in these Terms and Conditions shall restrict the Manager's right to provide investment services to others.

17 Notices and Instructions

17.1 Notices and instructions to the Manager should be in writing and signed by the Investor. Such notices and instructions should be sent to the following address: FundRock Partners Limited – FP Mattioli Woods Funds ICVC, Bastion House, 6th floor, 140 London Wall, London, EC2Y 5DN.

17.2 Notices and other documents to be given to the Investor will be posted to the Investor's last address held by the Manager and will be considered to have been received by the Investor two days after posting.

17.3 You must supply us with all information that we reasonably ask for, in relation to your Account. In particular, you must tell us promptly if you cease to be a Qualifying Individual, change your address, your personal status, your Financial Adviser, or other information you have given us in your Application or any other significant change in your circumstances which might affect your Account. You need to inform us of a change of address by signed, written instructions.
