How do I buy/sell my investment?

General

The Administration office at CAF Financial Solutions is normally open from 9am to 5pm each dealing day to receive postal requests for the purchase, sale, Conversion and Switching of Class A and Class B shares in a Fund. The initial purchase must, at the discretion of the Administrator, be accompanied by an application form. The Administration address is FundRock Partners Limited c/o CAF Financial Solutions

Limited, 25 Kings Hill Avenue, Kings Hill, West Malling, Kent, ME19 4TA.

Valid instructions received by CFSL before the Cut Off Point of 5pm on each business day will be processed at the share price calculated, based on the Net Asset Value per share, at the 12 noon Valuation Point on the next business day. All applications received by CFSL after 5pm on any business day will not be dealt at the Valuation Point on the next Dealing Day but will be held

over until the next following day which is a Dealing Day in the relevant Fund or Funds, e.g. an application received after 5pm on a Tuesday would be dealt at the Valuation Point on the following Thursday.

Buying shares

A confirmation giving details of the number and price of shares bought will be issued (by the ACD) no later than the end of the business day following the later of receipt of the application to buy shares and the Valuation Point by reference to which the price is determined, together with, where appropriate, a notice of the applicant's right to cancel.

Selling shares

Every Shareholder is entitled on any Dealing Day to redeem their shares. A confirmation giving details of the number and price of shares redeemed will be sent to the redeeming Shareholder (or the first named Shareholder, in the case of joint Shareholders) together with (if sufficient written instructions have not already been given) a form of renunciation for completion and execution by the Shareholder (or, in the case of a joint holding, by all the joint Shareholders) no later than the end of the business day following the later of the request to redeem shares or the valuation point by reference to which the price is determined.

Payment of redemption proceeds will normally be made by cheque to the first named Shareholder (at their risk), or, at the ACD's discretion, via bank transfer in accordance with any instruction received (the ACD may recover any bank charge levied on such transfers). Instructions to make payments to third parties (other than intermediaries associated with the redemption) will not normally be accepted.

Such payment will be made within four business days of the later of (a) receipt by CFSL of the form of renunciation (or other sufficient written instructions) duly signed and completed by all the relevant Shareholders together with any other documentation and appropriate evidence of title, any required anti-money laundering related documentation, and (b) the Valuation Point following receipt by CFSL of the request to redeem.

Please note that where an instruction is received after 5pm it will be carried over to the next business day and will be dealt at the Valuation Point on the next following

day which is a Dealing Day e.g. an instruction received after 5pm on a Tuesday would be dealt at the Valuation Point on Thursday.

Can I convert my shares for another share Class in the same Fund?

Subject to any restrictions on the eligibility of investors for a particular share class, an investor may at any time Convert all or some of his shares ("Original shares") of one Class in a Fund for shares in another Class ("New shares") in the same Fund. There is no charge for Converting between share Classes.

Can I Switch between the different Funds?

Subject to any restrictions on the eligibility of investors for a particular share Class, a Shareholder may at any time Switch all or some of his shares ("the Original shares") for shares of another Fund ("the New shares") in the Company.

The ACD may at its discretion make a charge on the Switching of shares between Funds. Any such charge on Switching does not constitute a separate charge payable by a Shareholder, but is rather the application of any redemption charge on the Original shares and any initial charge on the new shares, subject to certain waivers. There is currently no charge for Switching between Funds or for converting shares in another Class of the same Fund (as permitted). A Switch of shares in one Fund for shares of any Class in any other Fund is treated as a redemption and purchase of new shares and will, for persons subject to taxation, be a realisation for the purposes of capital gains taxation, which may give rise to a liability to tax, depending upon the Shareholder's circumstances. A Conversion between share classes in the same Fund will not generally be subject to capital gains taxation.

A Shareholder who Switches shares in one Fund for shares in any other Fund (or who converts between Classes of shares in a Fund) will not be given a right by law to withdraw from or cancel the transaction. Please note that where an instruction is received after 5pm it will be carried over to the next business day and will be dealt at the Valuation Point on the next following day which is a Dealing Day e.g. an instruction received after 5pm on a Tuesday would be dealt at the Valuation Point on Thursday.

The prices of all share Classes are available at www.fundlistings.com. The prices of shares may also be obtained by calling CFSL on 03000 123 444 between 9am and 5pm or on CFSL's website www.cafonline.org/investments.

As the ACD deals on a forward pricing basis, the price that appears in these sources will not necessarily be the

same as the one at which investors can currently deal. The ACD may also, at its sole discretion, decide to publish certain share prices on third party websites or in publications but the ACD does not accept responsibility for the accuracy of the prices published in, or for the non-publication of prices by these sources for reasons beyond the control of the ACD.

When are distributions of income made?

All of the four Funds offer both Accumulation and Income shares.

Please refer to the table below for the Accumulation and Distribution dates.

Income will be accumulated in the price of Accumulation shares and the share price will be increased to reflect this. Holders of Accumulation shares will be sent an Accumulation Statement giving details of the amount accumulated during the relevant period.

Income will be distributed to holders of income shares who will receive a Distribution Statement giving details of the amount distributed during the relevant period.

How much will any advice cost?

Should you decide to take advice about the Fund your adviser will give you details about the cost. The amount will depend on the size of your investment and, in the case of regular savings, the period for which you make them.

How will charges and expenses affect my investment?

Shares in a Fund are purchased and sold at the Fund's share price based on Net Asset Value. The initial charge paid as detailed above is deducted from an investor's subscription monies before shares are purchased.

Where are the fees and expenses for the Funds taken from?

Fund	Fees & expenses deducted from Income or Capital
FP CAF Fixed Interest Fund	Capital
FP CAF UK Equity Fund	50% Capital 50% Income
FP CAF International Equity Fund	Income
FP CAF Alternative Strategies Fund	Income

Further details concerning charges and expenses may be found on the NURS KII and in the Prospectus.

Do you apply a dilution adjustment?

The actual cost of purchasing, selling or Switching assets and investments in the Funds may deviate from the mid-market value used in calculating its share price, due to dealing charges, taxes, and any spread between buying and selling prices of that Fund's underlying investments. These costs could have an adverse effect on the value of the Funds, known as "dilution". In order to mitigate the effect of dilution the FCA Regulations which govern the Funds allow the ACD to adjust the sale and purchase price of shares in the Funds to take into account the possible effects of dilution. This practise is known as making a "dilution adjustment" or operating swinging single pricing. The power to make a dilution adjustment may only be exercised for the purpose of reducing dilution in the Funds. The price of each Class of share in the Funds will be calculated separately but any dilution adjustment will in percentage terms affect the price of shares of each Class identically.

The ACD reserves the right to make a dilution adjustment every day.

The dilution adjustment is calculated using the estimated dealing costs of a Fund's underlying investments and taking into consideration any dealing spreads, commission and transfer taxes. It is envisaged (based on future projections) that a dilution adjustment will be applied from time to time. The need to make a dilution adjustment will depend on the difference between the value of shares being acquired and the value of shares being redeemed as a proportion of the total value of that Fund. The measurement period will typically be a single day but, where a trend develops so that for a number of days in a row there is a surplus of acquisitions or redemptions on each and every day, the aggregate effect of such acquisitions or redemptions as a proportion of the total relevant Fund value will be considered.

Where a Fund is experiencing net acquisitions of its shares the dilution adjustment would increase the price of shares above their mid-market value. Where a Fund is experiencing net redemptions the dilution adjustment would decrease the price of shares to below their mid-market value.

It is the ACD's policy to reserve the right to impose a dilution adjustment on purchases, sales and switches of

shares of whatever size and whenever made. In the event that a dilution adjustment is made it will be applied to all transactions in a Fund during the relevant measurement period and all transactions during the relevant measurement period will be dealt on the same price inclusive of the dilution adjustment.

The ACD's decision on whether or not to make this adjustment, and at what level this adjustment might be made in a particular case or generally, will not prevent it from making a different decision on future similar transactions.

On the occasions when a dilution adjustment is not applied, if a Fund is experiencing net acquisitions of shares or net redemptions, there may be an adverse impact on the assets of that Fund attributable to each underlying share, although the ACD does not consider this to be likely to be material in relation to the potential future growth in value of a share. As dilution is directly related to the inflows and outflows of monies from a Fund it is not possible to accurately predict whether dilution will occur at any future point in time. Consequently it is also not possible to accurately predict how frequently the ACD will need to make a dilution adjustment.

The dilution adjustment will be applied to the mid price for shares resulting in a figure calculated up to six decimal places. The final digit in this figure will then be rounded either up or down in accordance with standard mathematical principles resulting in the final price for the shares.

It is envisaged (based on future projections) that a dilution adjustment will continue to be applied from time to time.

The dilution adjustment for any one Fund may vary over time because the dilution adjustment for each Fund will be calculated by reference to the costs of dealing in the underlying investments of that Fund, including any dealing spreads, and these can vary with market conditions. A typical dilution adjustment may range from 0.2% to 0.8% when buying or selling shares. Full details on this policy are available in the full Prospectus.

Economic Information

What about tax?

The information below is a general guide based on current United Kingdom law and HM Revenue and Customs practice, which are subject to change. It

summarises the tax position of the Funds and of investors who are United Kingdom resident and hold shares as investments. The actual tax treatment of each investor will depend on the particular circumstances of the investor concerned. Prospective investors who are in any doubt about their tax position, or who may be subject to tax in a jurisdiction other than the United Kingdom, are recommended to take professional advice. The current treatment of charitable organisations which invest in these Funds may be subject to change in the future.

How are the Funds themselves treated for tax purposes?

Each Fund is treated as a separate entity for United Kingdom tax purposes.

The Funds are generally exempt from tax on dividends realised on the disposal of investments (including interest-paying securities and derivatives, but excluding on non-reporting offshore funds) held within them.

Dividends from both United Kingdom and non-United Kingdom companies are received by a Fund with a tax credit and no further tax is payable by the Fund on that income. The Funds will each be subject to corporation tax at 20% on most other types of income but after deducting allowable management expenses and the gross amount of any interest distributions. Where a Fund suffers foreign tax on income received, this may normally be treated as an expense or deducted from any United Kingdom tax due payable on that income.

How does tax affect an investor?

For tax purposes, the FP CAF Fixed Interest Fund is a "Bond" Fund and the remaining three Funds are all "Equity" Funds.

Income from "Equity" Funds

Funds which are so called "Equity" Funds for the purposes of tax will pay any distributable income as dividend distributions, (which will be automatically retained in the Fund in the case of accumulation shares). Dividend distributions will be paid gross and individual UK resident holders have an annual tax free allowance to dividend income of £5,000 per annum. For dividend income received above £5,000, the current tiers and rates of tax (as at 6th April 2016 and subject to change) are as follows and will be based upon as individual's level of income:

Basic Rate Taxpayers – 7.5% (basic rate)

Higher Rate Taxpayers – 32.5%

Additional Rate Taxpayers – 38.1%

The Government has announced that the annual dividend allowance will reduce from £5,000 to £2,000 with effect from 6th April 2018.

Individuals should note that if the receipt of dividend income takes them from one band/tier of UK personal taxation to another, the tax due on the excess dividend income over the annual allowance will be at the rates applicable to the new band/tier.

A UK resident individual shareholder who holds their Shares in an ISA will be exempt from income tax on dividend distributions in respect of such Shares.

Corporate Shareholders who receive dividend distributions may have to divide them into two (in which case the division will be indicated on the tax voucher). Any part representing dividends received from a company will be treated as dividend income (that is, franked investment income) and no further tax will be due on it. The remainder will be received as an annual payment after deduction of income tax at the basic rate, and corporate Shareholders may, depending on their circumstances, be liable to tax on the grossed up amount, with the benefit of the 20% income tax credit attached or to reclaim part of the tax credit as shown on the tax voucher.

Dividend distributions will be made gross to Shareholders who are not UK resident. Non-resident Shareholders who are individuals are not liable to UK income tax on the dividend distribution. Non-UK resident Shareholders are recommended to seek professional advice as to the tax consequences of receiving a dividend distribution under the law of the jurisdiction of their residence.

Non-resident trusts may be chargeable to UK income tax on distributions made by the Company and are recommended to seek professional advice.

Income from "Bond" Funds

Funds which are so called "Bond" Funds for the purposes of tax currently pay interest distributions (which will be automatically retained in the case of accumulation shares). Interest distributions are paid gross to shareholders (with no income tax deducted from the payment).

UK resident individual shareholders will (subject to any available allowance) be subject to income tax at the relevant rate on any interest distributions (or deemed distribution from accumulation shares) from any Fund of the Company.

A UK resident individual shareholder may be entitled to a personal savings allowance in each tax year (the amount of the allowance, if any, depends on whether the taxpayer is a basic, higher or additional rate taxpayer).

A UK resident individual shareholder who holds their Shares in an ISA will be exempt from income tax on interest distributions in respect of such Shares.

A corporate shareholder within the charge to UK corporation tax in respect of a shareholding will be subject to corporation tax on any interest distributions (or deemed distribution from accumulation shares) from any Fund of the Company.

Non-United Kingdom resident Shareholders may be entitled to a refund from HM Revenue and Customs of the tax deducted from their interest distributions (or a proportion of it). This will depend on their personal circumstances and the terms of any double taxation agreement between their country of residence and the United Kingdom.

Client Money

Delivery versus payment (DVP) exemption

We are required to comply with the FCA's client money rules, as set out in Chapter 7 of the FCA's Client Assets sourcebook (CASS) (the 'Client Money Rules'). We are making use of the DVP exemption available under the Client Money Rules when handling money for you in connection with the buying or selling of units/shares in our funds. Under the DVP exemption your money need not be treated by us as client money for the purposes of the Client Money Rules in the following two scenarios:

- (1) where money is received from you that relates to your subscription to units/shares in one of our funds; and
- (2) where money is held by us that relates to the redemption of your units/shares in one of our funds.

While we are operating under the DVP exemption, your money will not be subject to the protections conferred by the Client Money Rules and, if we were to fail, the FCA's client money distribution rules as set out in Chapter 7A of CASS (the 'Client Money Distribution Rules') will not

apply to these sums and you will not be entitled to share in any distribution under the Client Money Distribution Rules in respect of these sums.

Where we have not paid any money belonging to you to the trustee (in respect of a unit trust), the depositary (in respect of an OEIC) or to you, as the case may be, by close of business on the business day following receipt, we will stop operating under the DVP exemption for that transaction and will treat the relevant sum of money as client money for the purposes of the Client Money Rules.

Any redemption proceeds paid to you by cheque will be held as client money under the Client Money Rules until such time as the cheque is presented.

By buying units/shares in one of our funds through us, you agree to our use of the DVP exemption as set out above. Should we cease at any time to make use of the DVP exemption, you will be notified in advance in writing.

Interest

We will not pay to you any interest earned on money we hold for you as client money under the Client Money Rules.

Distance Marketing Directive

If an investor has not had a face to face discussion with a representative of the company through which they are making this investment, which could, for example, be the ACD or a company providing financial advice, then the investor is entering into this transaction 'at a distance'.

In this situation an investor does not have a right to cancel this investment unless the ACD decides to extend such a right to them. An investor who has bought shares at a distance can still sell those shares, as they are able to do at any time. However, they cannot recover any initial charges incurred in the purchase of the shares.

The Prospectus contains all of the information required for an investment made directly through the ACD. Where shares are purchased through an agent, investors should ask that agent for details of their identity, geographical address and the capacity in which they are acting.

The main service we provide to investors is the management and administration of the Company. Details of all fees and expenses associated with the provision of this service are provided in this document. There are no additional costs levied by the ACD for investing at a distance, but there may be other taxes or third party costs that may apply to investors depending on their personal circumstances.

The investment contract between an investor and the ACD is governed by English Law and, by purchasing shares, the investor agrees that the Courts of England have exclusive jurisdiction to settle any disputes. All communications in connection with this investment will be in the English language.

Any information in this document is valid only at the date of publication which is stated on the front cover. All such information can change at any time and it will not necessarily be possible for us to notify you of any such changes in advance. Please contact the ACD for updates on any of the enclosed information.

Cancellation

An investor does not have the right to cancel their application to invest in a Fund if the application has been made directly by the investor or if the investor did not meet their adviser or agent face to face though the ACD may, at its discretion, extend cancellation rights to such an investor.

If an investor has received face to face advice on the investment they will have a right to change their mind under rules made by the FCA under the Financial Services and Markets Act 2000. The investor will be able to exercise the right to cancel within 14 days of receipt of the cancellation notice from the Administrator and they will receive a refund of the amount invested either in full or less a deduction to reflect any fall in the markets in the interim.

Telephone calls and electronic communications

Telephone calls and electronic communications will be recorded. The ACD will keep a copy of telephone calls and electronic communications. A copy of the record is available from the ACD on request. The records will be kept for up to five years and where requested by the FCA, for up to seven years.

UK Money Laundering Regulations

In order to comply with the identification requirements of the UK Money Laundering Regulations, we may need to ask you to provide proof of your identity and address when buying or selling shares or to perform independent electronic searches of third-party databases supplying such information. Until satisfactory evidence has been received we reserve the right to refuse to pay the proceeds of a redemption of shares to you. Any such withheld proceeds will be held on a client money account; no interest will be payable.

Governing Law

The Company, the Instrument of Incorporation, this Prospectus and any matters arising out of or in connection with a Shareholder's investment in the Company and the establishment, management and administration of the Company shall be governed by and construed in accordance with the laws of England and Wales. The rights of the Shareholders and the construction and effect of the provisions of the Instrument of Incorporation and this Prospectus shall be subject to the exclusive jurisdiction of the courts of England and Wales.

Complaints

To obtain a copy of the Complaints Procedure or to make a complaint concerning the operation or marketing of the Company, please write to the Complaints Officer of the ACD at FundRock Partners Limited c/o CAF Financial Solutions, 25 Kings Hill Avenue, Kings Hill, West Malling, Kent, ME19 4TA.

Compensation

In the event that the ACD is not able to meet its financial liabilities to the investor, the investor may be entitled to compensation under the Financial Services Compensation Scheme (FSCS) established under the Financial Services and Markets Act 2000. The FSCS can pay compensation to investors of a firm in certain circumstances if the firm is unable to meet its financial obligations. The FSCS does not protect charitable organisations but access may be restricted depending upon the structure and legal personality of your organisation.

The FSCS has advised that:

- charitable organisations formed as limited companies will be eligible claimants provided they fulfil **two** of the following three criteria:-
 - (i) turnover of not more than £6.5 million
 - (ii) balance sheet total of not more than £3.26 million and
 - (iii) not more than 50 employees
- unincorporated charitable organisations will be eligible claimants provided they have less than £1.4 million in net assets.

The maximum amount that an eligible claimant might be entitled to claim is £50,000. This limit relates to the combined amount of all the eligible claimant's investments with the firm in question, and not to each separate one. Please note that this is the maximum amount which the FSCS may make available per eligible claimant and is a guarantee that you would receive the amount from FSCS if your affected investments were equal or higher than £50,000.

For further information about the FSCS, including the amounts covered and the eligibility to claim, please refer to the FSCS website (<http://www.fscs.org.uk/>) or contact the FSCS at 7th Floor, Lloyds Chambers, Portsoken Street, London, E1 8BN (tel. 0800 678 1100 or 0207 741 4100).
